The following astrological interpretations are based on the assumption that the two people involved have a close ongoing relationship. As long as the people involved are a couple, transits to the composite chart will be an influence. The closer the bond, the more the influences will be felt and perceived. Thus the interpretations will make the most sense if this is the primary relationship for both people.

*Mar 2, 2009 12 AM(Feb 28, 2009 to Mar 2, 2009) Sun Qucnx Sat*

Frustration, doubts, or feeling rather disconnected from one another colors this time period. Small problems may seem more serious than they are, and issues that do not have immediate, clear solutions may arise. Forbearance, patience, and a gentle approach are called for.

*Mar 2, 2009 4 AM(Mar 2, 2009 to Mar 3, 2009) Sun Trine Jup*

This is a very positive time between the two of you. Shared optimism, enthusiasm, and an overall sense of well-being permeate your relationship. You are apt to be extraordinarily lucky together right now.

Adventures, important and beneficial encounters, and serendipitous events are very likely. It is also a good time to expand and invest in your relationship - for example, make a major purchase together.

*Mar 3, 2009 2 PM(Mar 2, 2009 to Mar 4, 2009) Sun Qucnx Plu*

A rather uncomfortable awareness of unavoidable changes, loss, or death comes in at this time. "Hints" or indications that some change in attitude is needed should not be ignored. Stubborn willfulness on either of your parts can create tension between you now, or lay a foundation for future troubles.

*Mar 3, 2009 (Feb 27, 2009 to Mar 8, 2009) Jup Oppos Plu*

Forces of regeneration and strength for your relationship enter at this time. Seeds of old wounds, dreams, or ambitions that have been buried and forgotten are brought to the surface and revived now. An in-depth healing can occur.

*Mar 4, 2009 10 AM(Mar 4, 2009 to Mar 5, 2009) Merc Trine Ura*

The tone is brisk, and intellectually stimulating. Lots of fresh, original ideas are flowing between you now, and you may want to write down some of these inspirations for later evaluation.

*Mar 5, 2009 5 AM(Mar 4, 2009 to Mar 6, 2009) Merc Sxtil Moon*

This is a good time to introduce one another to old friends or to your family, to plan a trip home, or to share personal memories and stories with one another. You understand and sympathize with one another and can gain a new clarity about each other's emotional make up.

*Mar 6, 2009 (Feb 7, 2009 to Apr 6, 2009) Nep Sxtil Moon*

At this time there is an unusual degree of sensitivity, sympathy, and resonance between the two of you. You are more willing to be selfless and may be called upon to assist each other in some way.

*Mar 6, 2009 4 PM(Mar 6, 2009 to Mar 7, 2009) Mars Trine Ura*

You two are a dynamic duo right now. This is an exhilarating, high-energy time and you will want to do something totally freeing or exciting to your senses. The action and adventure of white water rafting or even riding a roller coaster fits the flavor of this time.

*Mar 7, 2009 10 PM(Mar 6, 2009 to Mar 8, 2009) Sun Qucnx Asc*

There is some subtle awkwardness between you now - nothing terrible, just a feeling of being out of step with one another. You could spend half of a day trying to decide upon a mutually satisfactory course of action. Humor and an appreciation for the absurd can be helpful at present.

*Mar 7, 2009 11 PM(Mar 7, 2009 to Mar 8, 2009) Merc Trine Ven*

You bring out a lighthearted and pleasant mood in one another. A spontaneous small gift as loving note - something small and sweet - would be perfect. Loving words come easily -and mean a lot - right now.

*Mar 8, 2009 5 AM(Mar 8, 2009 to Mar 9, 2009) Mars Sxtil Moon*

Being together at this time energizes you both and you bring out the warmth, desire and vitality within each

other. Any vigorous activity - from lovemaking to a spirited game of basketball - will be good for you both.

*Mar 8, 2009 5 AM(Mar 8, 2009 to Mar 9, 2009) Merc Qucnx Sun*

Having to deal with last-minute details or mechanical problems, or red tape may interfere with your plans. Also communication between you is a little tense and one of you may say something that strikes a discordant note. Step back, breathe deeply, and keep a sense of humor.

*Mar 8, 2009 6 AM(Mar 8, 2009 to Mar 9, 2009) Merc Qucnx Merc*

Communication is a little awkward or tense, even if you usually understand one another perfectly. Be forgiving of one another's social faux pas now.

*Mar 12, 2009 12 AM(Mar 11, 2009 to Mar 12, 2009) Merc Sxtil MC*

Clear communication and a tone of reasonableness and fair play make this a good time to work on any shared goals or joint plans. As a couple, your judgment is sound, so any decisions you make together are likely to work in your favor.

*Mar 13, 2009 3 PM(Mar 12, 2009 to Mar 14, 2009) Mars Trine Ven*

A wonderful time for love and romance! The spirit of Eros is alive and flowing between you. You will be feeling very warm, sexy, loving and affectionate toward one another. Creative projects are favored also.

*Mar 13, 2009 7 PM(Mar 12, 2009 to Mar 14, 2009) Sun Sqr Ura*

Excitement, surprises, or an unusual turn of events color your relationship now. Routines may be upset or plans go awry. You also seem to bring out the untamed side of one another, and one or the other of you may "act out" in an impulsive or reckless urge for freedom.

*Mar 14, 2009 3 AM(Mar 14, 2009 to Mar 15, 2009) Merc Qucnx Nep*

As a twosome, you are not likely to have very sound judgment or clear perceptions right now. Fantasies, illusions, even a seemingly innocent "white lie" can cloud the atmosphere between the two of you, and someone is apt to get rather confused.

Obviously this is not a time to make practical commitments or decisions that will affect both of you for a long time. Make every effort to be unambiguous and truthful right now.

*Mar 14, 2009 4 AM(Mar 14, 2009 to Mar 15, 2009) Mars Qucnx Sun*

Your individual agendas and desires are pulling you in different directions for the moment. It would be best to let each other go off alone; if you are together you are apt to irritate or get in each other's way.

*Mar 14, 2009 6 AM(Mar 14, 2009 to Mar 15, 2009) Mars Qucnx Merc*

Irritability can lead to ill-considered words, which provoke a fight. Today can be a real headache if you do not make an effort to be considerate and tactful.

*Mar 14, 2009 8 PM(Mar 14, 2009 to Mar 15, 2009) Merc Oppos Mars*

Vigorous discussions, intellectual debates, or out-and-out verbal warfare are possible. Neither one of you is very conciliatory or in the mood for compromise at this time. Try to respect one another's opinions.

Going for a long auto trip - or otherwise being in a small space for a long time together -is NOT a good idea. You would bite each other's heads off - or want to!

*Mar 15, 2009 4 PM(Mar 15, 2009 to Mar 16, 2009) Merc Qucnx Sat*

You tend to miss one another's messages right now, both literally and figuratively. Beware of blaming one another for simple human error.

*Mar 15, 2009 6 PM(Mar 15, 2009 to Mar 16, 2009) Merc Trine Jup*

This is a wonderful time to travel together or to make plans to do so. Being with one another right now encourages you both to be more optimistic, forward-looking, and broad in your thinking. You help each other see the Big Picture.

*Mar 16, 2009 2 PM(Mar 13, 2009 to Mar 18, 2009) Ven Trine Plu*

The two of you can experience the magical, transforming power of love, if you are willing to really be vulnerable and open with one another now. Sexual and emotional healing through deep contact, deep acceptance, and your love for one another can occur. Share the longings you have had, the secret wishes and desires, and the losses you still carry. Superficial relating is not on the agenda now.

*Mar 16, 2009 2 PM(Mar 16, 2009 to Mar 17, 2009) Merc Qucnx Plu*

What begins as an innocent discussion, may bring some painful topic to the surface. Avoid the tendency to try to subtly coerce one another into believing, seeing, or understanding things as the other does. While no overt argument may occur, below-the-surface tension can create an uneasy feeling.

*Mar 19, 2009 12 AM(Mar 18, 2009 to Mar 20, 2009) Merc Qucnx Asc*

There is a tendency to say too much, run on about nothing, or say the wrong thing. While not a catastrophe, be gracious and apologize for your faux pas. You tend to get on one another's nerves a bit.

*Mar 19, 2009 6 AM(Mar 18, 2009 to Mar 20, 2009) Sun Qucnx Ven*

The personal goals, ambitions, or desires of one or both of you interferes with your relationship at present. One or the other is apt to be neglected or put aside. Or you may simply be out of sync with each other. As long as this is not a repeated theme in your relationship, just let it pass.

*Mar 19, 2009 4 PM(Mar 18, 2009 to Mar 20, 2009) Sun Oppos Sun*

The ways in which you balance, complement, or differ from one another are accented now. Accepting and appreciating those differences is a good way to go. The awareness of yourselves as separate and unique individuals need not be problematic, but joint decisions or projects are not favored now. Neither of you is apt to give up your own wants for the sake of the relationship.

*Mar 19, 2009 5 PM(Mar 17, 2009 to Mar 21, 2009) Ven Qucnx Jup*

You bring out in one another tendencies toward excessive spending, partying, or consuming. Too much of a good thing can cause mutual regret later.

*Mar 19, 2009 6 PM(Mar 18, 2009 to Mar 20, 2009) Sun Oppos Merc*

Whatever you have going on together today, the pace will be lively. Discussions and negotiations are featured, and this is a fine time for the two of you to make plans or decisions together. You are thinking clearly and will help one another to make sound judgments.

*Mar 20, 2009 1 AM(Mar 20, 2009 to Mar 21, 2009) Ven Trine Sat*

Things are on an even keel between you right now. Though not necessarily wildly exciting or the stuff dreams are made of (unless you have some other astrological influence operating), being with one another is comforting, reassuring, stabilizing. Quiet pastimes are favored.

*Mar 22, 2009 12 AM(Mar 22, 2009 to Mar 23, 2009) Mars Sxtil MC*

You work together efficiently and harmoniously right now, and you could get something significant accomplished in a joint project or goal. You strike a good balance between independence and togetherness, and help one another to succeed in your individual endeavors as well as in combined efforts.

*Mar 22, 2009 5 AM(Mar 22, 2009 to Mar 23, 2009) Merc Sqr Ura*

You stimulate, excite, and/or irritate one another intellectually now. Unexpected differences of opinion may arise which lead to a sudden change of plans or the reversal of an agreement you thought was certain. This is a brief fluctuation, however, so try to ride it through. Also, you both tend to thoughtlessly blurt things out which you may feel foolish about later.

*Mar 22, 2009 3 PM(Mar 20, 2009 to Mar 24, 2009) Ven Qucnx Mars*

Some subtle awkwardness or tension creeps into your relationship. Something just is not clicking between you right now, romantically or sexually. One of you may be missing the other's cues or inadvertently putting the other off.

*Mar 24, 2009 (Mar 19, 2009 to Mar 29, 2009) Jup Oppos Asc*

Significant fortuitous events and encounters are likely now. Another person or persons may come into your lives who will be an important ally or friend to you both. If you have been having difficulties of any kind (with one another or the two of you with a third party), this is an excellent time to seek counsel and assistance. Overall, however, this will not be a difficult time -quite the opposite! Good times, happiness, hopefulness, and shared good fortune of all kinds are much more likely. This is also a fine time for a wedding or any other joyful, festive, and momentous occasion.

*Mar 24, 2009 3 PM(Mar 22, 2009 to Mar 26, 2009) Ven Oppos Nep*

Wishes, fantasies, and sweet dreams of love color your responses to one another now. This can be a particularly enchanting, even intoxicating time - or a disappointing one if your partner does not fulfill your ideals. Share your heart's secret wishes with one another.

*Mar 25, 2009 2 AM(Mar 24, 2009 to Mar 26, 2009) Merc Qucnx Ven*

Do not allow a minor indiscretion or a few awkward moments mar your time together. Unless it is a persistent pattern, you may want to smile and look the other way if one of you behaves foolishly or says something socially inappropriate.

*Mar 25, 2009 7 AM(Mar 24, 2009 to Mar 26, 2009) Merc Oppos Sun*

If you are not physically together right now, you will really want to reach out and connect in some way. You may call each other more frequently than usual, or feel you must visit one another even if only briefly. If you are in one another's company, you will not be able to sit still. A drive, walk, or other outing, along with lots of conversation, would be just right for you now.

*Mar 25, 2009 8 AM(Mar 24, 2009 to Mar 26, 2009) Merc Oppos Merc*

If the two of you have not talked in a while, this is the time to do it. Clear communication and reasonable thinking prevail. This is a favorable time for a short trip as well.

*Mar 26, 2009 2 PM(Mar 26, 2009 to Mar 27, 2009) Mars Qucnx Nep*

Being together right now can make both of you more unfocused and scattered. You put one another in a peculiar mood, although this is so subtle you may barely notice it. Nevertheless, any sort of intoxicant that further decreases your ability to deal with reality should be avoided if you are together.

*Mar 28, 2009 2 AM(Mar 28, 2009 to Mar 29, 2009) Mars Oppos Mars*

Right now you are more like sparring partners, opponents, maybe even enemies rather than friends or lovers. The urge to dominate and to win is very strong in the atmosphere between you now. If you enjoy a rousing fight this is the day for it. If you are usually gentle and agreeable, you will have a lot more energy (and possibly aggravation) than usual. Even if you suppress the fighting urge, irritating "accidents" may occur around you.

*Mar 29, 2009 11 AM(Mar 28, 2009 to Mar 30, 2009) Sun Oppos Nep*

You are probably not seeing one another very clearly right now. In fact, a soft cloud of fantasy or imagination hovers around the two of you. Confusions and mix-ups are very likely now, so be especially careful to check with one another regarding facts and mundane details.

*Mar 29, 2009 10 PM(Mar 28, 2009 to Mar 31, 2009) Mars Qucnx Sat*

Very poor timing can make for some tense, unpleasant, frustrating times. The two of you may have to re-do something you thought you had already finished.

*Mar 30, 2009 4 AM(Mar 30, 2009 to Mar 31, 2009) Mars Trine Jup*

You have an encouraging, strengthening, and beneficial affect on one another now. If you enjoy sports or outdoor activities together, this is an excellent time.

*Mar 30, 2009 5 AM(Mar 30, 2009 to Mar 31, 2009) Merc Oppos Nep*

This is not a good time to give one another direction, arrange to meet someplace you have never gone before, or, in fact, much of anything that requires clear, logical thought and action. Muddled communication and misreading one another in some small but critical way is very likely. Make every effort to be clear and direct with each other, as confusion abounds right now.

*Mar 30, 2009 4 PM(Mar 30, 2009 to Mar 31, 2009) Sun Qucnx Mars*

You tend to subtly irritate one another right now, resisting one another's suggestions and insisting on doing things your way. As long as neither of you attempts to dominate, this should not be too much of a problem, but any activity that requires close cooperation is not favored now.

*Mar 30, 2009 8 PM(Mar 30, 2009 to Mar 31, 2009) Merc Qucnx Mars*

You tend to snap at one another or to blurt something very tactless and inadvertently hurtful. Minor accidents could occur, too, if extra care is not taken.

*Mar 31, 2009 12 PM(Mar 31, 2009 to Apr 1, 2009) Merc Trine Sat*

Topics under discussion now: money, investments, material security, practical realities and limitations and how they figure in to mutual wishes and desires. If your relationship is fairly new, keep your eyes and ears open to

discover how the other person deals with or avoids adult responsibility.

*Mar 31, 2009 2 PM(Mar 31, 2009 to Apr 1, 2009) Merc Qucnx Jup*

The two of you do not have very good judgment right now, especially in money matters. This is not a good time to make a joint purchase; avoid gambling, too!

*Apr 1, 2009 12 AM(Mar 30, 2009 to Apr 2, 2009) Mars Qucnx Plu*

Unintentional roughness or forcefulness can create tension between you. You may break something or accidentally do damage if not careful. Be gentle with each other as well.

*Apr 1, 2009 3 AM(Apr 1, 2009 to Apr 2, 2009) Sun Trine Sat*

This is a good time for the two of you to undertake something that involves delaying gratification for some mutual long-range goal, perhaps making a joint financial investment or, if your relationship is new, getting to know one another by doing something very ordinary and mundane, like helping one another with chores or errands. An atmosphere of trustworthiness and stability is created between you.

*Apr 1, 2009 7 AM(Apr 1, 2009 to Apr 2, 2009) Merc Trine Plu*

If one or the other of you has been wanting to divulge a secret, bring up a grievance, or discuss something difficult, now is the time. Conversation is intense, revealing, and profound.

For entertainment the two of you will go for something intense - perhaps a psychological suspense thriller or an old Alfred Hitchcock film!

*Apr 1, 2009 8 AM(Apr 1, 2009 to Apr 2, 2009) Sun Qucnx Jup*

The two of you experience some minor inconveniences or injustices. At worst, you could have a run-in with the law over something you overlooked or were lazy about doing. This time may pass with no perceivable effects, however, as long as you do not get sloppy. There is also a tendency to take one another and the good of your relationship for granted right now.

*Apr 2, 2009 6 PM(Apr 1, 2009 to Apr 3, 2009) Sun Trine Plu*

An intensification of your relationship occurs now, and whether this is pleasurable or not you will certainly not be relating to one another superficially. Beware of the tendency to try to re-make or change your partner in some significant way. Your interaction can be quite revitalizing, even transforming, for the both of you as long as neither is forcing his or her will upon the other.

*Apr 3, 2009 10 AM(Apr 3, 2009 to Apr 4, 2009) Merc Trine Asc*

Communication flows easily. Any negotiations or joint business dealings you are involved in also proceed

well. Pay attention! You will be getting some pertinent information from or about one another right now.

*Apr 6, 2009 6 AM(Apr 5, 2009 to Apr 7, 2009) Merc Sxtil Ura*

If you are together now, you are not as apt to be focusing on one another as on doing something exciting or out of the ordinary. You will both want to pursue new friends, fresh or unusual ideas, or a different social or cultural scene than you are accustomed to. There is also an increase in the mental telepathy between you.

*Apr 6, 2009 12 PM(Apr 5, 2009 to Apr 7, 2009) Mars Qucnx Asc*

Together you are somewhat accident-prone right now, especially when speeding, rushing, or being irritable. No direct outlet for your tensions may exist; avoid blaming one another. Being indirect about what you want can contribute to tensions between the two of you.

*Apr 6, 2009 8 PM(Apr 6, 2009 to Apr 7, 2009) Merc Conj Moon*

Go for a walk in the moonlight! This is a time for intimate confidences and sharing your personal stories with one another. A flow of mutual understanding, sympathetic interest, trust, and support can make this a special time.

*Apr 7, 2009 3 AM(Apr 7, 2009 to Apr 8, 2009) Sun Trine Asc*

This is a "green light" period for the two of you, and together you can do just about anything you want. You vitalize one another's playful and spirited qualities. You may feel like showing off a bit, as a twosome.

*Apr 8, 2009 9 PM(Apr 8, 2009 to Apr 9, 2009) Merc Oppos Ven*

There is a flirtatious, lighthearted, sweet tone between you at this time. Even if you do not usually express much love or sentiments verbally, this is a good time to do so. Send a love note, a card, or simply tell the other just what you appreciate about them.

*Apr 9, 2009 2 AM(Apr 9, 2009 to Apr 10, 2009) Merc Qucnx Sun*

Having to deal with last-minute details or mechanical problems, or red tape may interfere with your plans. Also communication between you is a little tense and one of you may say something that strikes a discordant note. Step back, breathe deeply, and keep a sense of humor.

*Apr 9, 2009 3 AM(Apr 9, 2009 to Apr 10, 2009) Merc Qucnx Merc*

Communication is a little awkward or tense, even if you usually understand one another perfectly. Be forgiving of one another's social faux pas now.

*Apr 12, 2009 5 AM(Apr 11, 2009 to Apr 13, 2009) Merc Conj MC*

Discussions about possible long term goals, plans, and aspirations arise now. It is a time to be clear about what you want and where you want to go as a couple. This is a favorable time to announce your plans publicly as well.

*Apr 13, 2009 3 AM(Apr 13, 2009 to Apr 14, 2009) Sun Sxtil Ura*

Something new, unexpected, surprising, or unusual adds sparkle to your relationship now. The atmosphere between you is lively, spontaneous, open to novelty and discovery.

*Apr 14, 2009 12 AM(Apr 9, 2009 to Apr 25, 2009) Ven Oppos Merc*

The two of you receive some pleasant news, enjoy something funny or uplifting, and find more to agree upon than to disagree about. This is a favorable time to sort out any misunderstandings between the two of you also. A tone of reasonableness, cooperation and receptivity to the other's point of view prevails.

*Apr 14, 2009 1 AM(Apr 12, 2009 to Apr 15, 2009) Mars Sqr Ura*

A spirit of recklessness, wild adventurousness, even dare-devilishness comes over the two of you. One or both of you experiences a sudden impulse to do something totally different or to make some radical change. Give each other plenty of space and breathing room right now. You will operate best in an atmosphere of total freedom at the moment.

*Apr 14, 2009 2 AM(Apr 13, 2009 to Apr 15, 2009) Merc Qucnx Nep*

As a twosome, you are not likely to have very sound judgment or clear perceptions right now. Fantasies, illusions, even a seemingly innocent "white lie" can cloud the atmosphere between the two of you, and someone is apt to get rather confused.

Obviously this is not a time to make practical commitments or decisions that will affect both of you for a long time. Make every effort to be unambiguous and truthful right now.

*Apr 14, 2009 9 AM(Apr 13, 2009 to Apr 15, 2009) Sun Conj Moon*

At this time your shared history or events from the past dominate your relationship. If it is a relatively new relationship, you may find out something particularly personal and intimate about your partner which increases your feelings of closeness. If you have been together quite a while and your relationship is sound, the comfort, security, and sense of belonging you have with one another will be emphasized.

You will see what habits you have developed as a couple, and whether or not you are emotionally satisfied, feel supported, and are feeling close to one another. If hurt feelings over past behavior come up now, let the aggrieved one fully share those feelings. Simply LISTEN and RECEIVE one another. A tone of nostalgia, or longing for what was, may pervade this time period.

*Apr 14, 2009 11 AM(Apr 9, 2009 to Apr 25, 2009) Ven Oppos Sun*

Openheartedness and affection permeate this time period, and a strong mutual attraction brings you together. Dress up!

*Apr 14, 2009 6 PM(Apr 14, 2009 to Apr 15, 2009) Merc Trine Mars*

This is a good time to bring up something that may be difficult for you to talk about, and to state your point of view clearly and unambiguously. Expect a bit of intellectual bantering as well.

*Apr 15, 2009 1 PM(Apr 15, 2009 to Apr 16, 2009) Merc Sqr Sat*

This can be a frustrating and very unsatisfying time, as far as communicating with one another goes. You can totally misread or misunderstand one another. You may be disinterested threatened, or resistant to what the other person is saying, or dislike how they are saying it.

Positively, you could work to solve some difficult problem or engage in some tedious but necessary task together.

*Apr 15, 2009 3 PM(Apr 15, 2009 to Apr 16, 2009) Merc Oppos Jup*

Conversations about your personal philosophies and understanding about life, your religious beliefs, and attitudes, or your personal dreams and aspirations for the future come up now. This is also a favorable time to travel or plan a vacation together.

*Apr 16, 2009 11 AM(Apr 15, 2009 to Apr 17, 2009) Merc Sqr Plu*

This is a time to have a conversation about something you have both avoided in the past. One of you may confront the other with unsuspected grievances, acute but unwelcome observations, or some problem that has been brewing for some time. Even if somewhat difficult or heavy, your interaction can deepen your understanding and knowledge of one another tremendously.

*Apr 18, 2009 ven qucnx ven*

Disagreements arise now over personal tastes and styles, what each of you considers desirable or beautiful, how you show love or want to be loved. This will not be a direct confrontation most likely, more of a subtle sense that the other is missing something, not "getting it".

*Apr 18, 2009 5 PM(Apr 17, 2009 to Apr 19, 2009) Sun Oppos Ven*

You bring out the best in one another right now, and this can be a very happy time together. Your mutual affection and desire to be together is apt to override everything else for the moment. If romance has been missing between you, make this a special occasion. Find out what would delight your partner, and do that. You are both open to pleasing and being pleased.

*Apr 19, 2009 3 AM(Apr 19, 2009 to Apr 20, 2009) Merc Sqr Asc*

Discussions or negotiations you encounter a bit of friction. Beware of the tendency to overanalyze, over intellectualize, or over scrutinize one another or your situation.

Take a deep breath or two before you speak (to one another, or on behalf of one another) as you are apt to say more than you need to.

*Apr 19, 2009 3 AM(Apr 19, 2009 to Apr 20, 2009) Sun Qucnx Sun*

A subtle sense of tension, interference, or a feeling of being at odds with one another without anything in particular to pin that feeling on pervades your relationship now. Circumstances may also seem to conspire to prevent you from being together or doing what you wish to be doing with one another. Pay attention to any problems that arise between you now. You probably will not be able to directly work on them or resolve them at this point, regardless of your good intentions, but if you submerge or ignore them they will resurface in full force in about three months.

*Apr 19, 2009 5 AM(Apr 19, 2009 to Apr 20, 2009) Sun Qucnx Merc*

You get your wires crossed right now. You may not receive one another's messages, or may be unavailable when the other wants to connect. Expect minor irritations, which will quickly pass.

*Apr 20, 2009 8 PM(Apr 9, 2009 to Apr 25, 2009) Ven Oppos Sun*

*Apr 21, 2009 1 AM(Apr 21, 2009 to Apr 22, 2009) Mars Qucnx Ven*

There may be some tension over what each of you wants and is willing to give, and unless you are conscious of what is happening, you may feel drained at the end of the day without knowing why. Be as direct as possible about what you want without being demanding, accusing or pulling too much on your partner's energy.

*Apr 21, 2009 6 AM(Apr 9, 2009 to Apr 25, 2009) Ven Oppos Merc*

This astrological influence (Ven Oppos Merc) also occurred on Apr 14, 2009 (peak date). Please refer to this date.

*Apr 21, 2009 2 PM(Apr 21, 2009 to Apr 22, 2009) Mars Oppos Sun*

The two of you arouse one another's temper and can provoke each other quite easily now. However, if you can manage to avoid aggravating one another, you will be able to work vigorously to accomplish some joint task.

*Apr 21, 2009 4 PM(Apr 21, 2009 to Apr 22, 2009) Mars Oppos Merc*

You are more prone to rash outbursts and sharp words toward one another. Especially if the two of you are out driving together, avoid petty arguments and pay attention to speed limits and road signs as accidents could occur.

*Apr 25, 2009 10 AM(Apr 25, 2009 to Apr 26, 2009) Sun Conj MC*

The sun is shining on the two of you. You may want to be out of door or at least out in public together. You are noticeable as a couple right now, and rather lucky as well.

*Apr 27, 2009 (Apr 20, 2009 to May 5, 2009) Jup Trine Ura*

As a couple, you are more attuned at this time to the larger order or pattern in the universe. You may find unusual coincidences and synchronicities increasing, and have a sense of everything unfolding magically and perfectly around you. Any change you may have wanted to make occurs more easily, with less struggle or resistance now.

*Apr 29, 2009 2 AM(Apr 29, 2009 to Apr 30, 2009) Sun Qucnx Nep*

Confusions, mix-ups, not showing up on time or at all, forgetting something significant, or just feeling a little fuzzy or spacey in each other's presence is likely now. Do your best not to let each other down or be unreliable toward one another right now.

*Apr 29, 2009 3 AM(Apr 29, 2009 to Apr 30, 2009) Merc Qucnx Ven*

Do not allow a minor indiscretion or a few awkward moments mar your time together. Unless it is a persistent pattern, you may want to smile and look the other way if one of you behaves foolishly or says something socially inappropriate.

*Apr 29, 2009 6 PM(Apr 28, 2009 to May 1, 2009) Merc Trine Sun*

Communication flows freely. You both feel open about expressing your ideas and are willing to hear the other's as well. If you are not physically together, you will want to be calling or visiting one another even more than usual.

*Apr 29, 2009 8 PM(Apr 28, 2009 to May 1, 2009) Merc Trine Merc*

New ideas and stimulating conversation flows. This is also a wonderful time to take a trip together, or at least to plan one.

*Apr 30, 2009 8 AM(Apr 29, 2009 to May 1, 2009) Sun Trine Mars*

You energize and invigorate one another, and you are a "dynamic duo" right now. Confidence and a positive spirit runs high in one another's presence. Joint work projects are favored, as is any vigorous play.

*May 1, 2009 7 PM(May 1, 2009 to May 2, 2009) Sun Sqr Sat*

This is a time when the demands, needs, or desires of one of you can feel restrictive or like too much of a sacrifice of personal time and energy to the other. A withdrawal, temporary separation, or reordering of priorities is likely. Beware of becoming paternalistic, burdening one another, or having expectations of one another that are not mutually agreed upon.

*May 2, 2009 12 AM(Apr 30, 2009 to May 3, 2009) Sun Oppos Jup*

This is a positive time for the two of you, when people and outer circumstances seem to be on your side. Whatever comes your way now will give your relationship a boost. Together, the two of you are hopeful and forward-looking and it is an excellent time to make plans for your future. Travel is favored also.

*May 3, 2009 11 AM(May 3, 2009 to May 4, 2009) Sun Sqr Plu*

There may be a "heavy" or intense encounter between the two of you at this time, or between the both of you and someone or something in your environment. You may see clearly something which has been operating subliminally or beneath the surface in your relationship. On a very practical, material level there may be breakdowns of machinery, or of something else that has been needing repair for some time.

*May 4, 2009 4 AM(May 2, 2009 to May 5, 2009) Mars Oppos Nep*

At this time, any spiritual aspirations, ideals, or hopes that you share, as well as your imaginations and fantasy lives, are activated by being together. Positively this can mean you will want to DO something together to embody, physically express, or actualize what you usually only dream or think wishfully about. But it can also engender a strange atmosphere in which you are vaguely dissatisfied with life or with one another, but are not clear just what you want, either. Try to be clear, direct, and honest. Avoid smoke screens and half truths.

*May 5, 2009 5 PM(May 4, 2009 to May 7, 2009) Mars Qucnx Mars*

Hurrying, pushing, or trying to force things spells trouble! Anger that is just below the surface but which has no place to be released can make this a very trying time as well. Take it easy on one another.

*May 7, 2009 2 PM(May 7, 2009 to May 8, 2009) Mars Trine Sat*

If the two of you work together in any capacity, this is a time you will buckle down, focus, and get some real work done. Even if you do not generally work with one another, this is a good time to help each other with some unglamorous, tedious, but necessary task. You will actually enjoy doing this with or for each other right now.

*May 7, 2009 (Apr 29, 2009 to May 17, 2009) Jup Sxtil Moon*

While not particularly remarkable, this is a favorable time for the two of you. A feeling of everything's-going-to-be-alright and let's-just-have-a-good-time pervades the atmosphere between you. You enjoy the company of

other people, family members are helpful and supportive, and what you need seems to arrive just when you need it. Laughter and humor in one another's presence can ease any difficulties you may be having in your individual lives. Your relationship is a source of comfort now.

*May 7, 2009 8 PM(May 6, 2009 to May 9, 2009) Mars Qucnx Jup*

If the two of you are together now, avoid speeding or breaking the law even in a trivial way, as you could have a run-in with the authorities. Your timing is a bit off, too, so minor accidents are possible too. With careful attention, all of this can be avoided.

*May 7, 2009 10 PM(May 7, 2009 to May 8, 2009) Sun Sqr Asc*

Some minor friction is likely now; one or the other of you could be inadvertently selfish or hold on to an ego position. As long as this is not a persistent pattern, not much harm is likely to be done.

*May 9, 2009 5 PM(May 8, 2009 to May 11, 2009) Mars Trine Plu*

There is an intensity and fervor to whatever you do together now. You can have a profound sexual or creative experience, depending on how you decide to direct your energies as a couple. This is also a good time to eliminate or rid yourselves of something you no longer want.

*May 12, 2009 2 PM(May 11, 2009 to May 13, 2009) Ven Oppos Nep*

Wishes, fantasies, and sweet dreams of love color your responses to one another now. This can be a particularly enchanting, even intoxicating time - or a disappointing one if your partner does not fulfill your ideals. Share your heart's secret wishes with one another.

*May 14, 2009 6 AM(May 12, 2009 to May 15, 2009) Ven Qucnx Mars*

Some subtle awkwardness or tension creeps into your relationship. Something just is not clicking between you right now, romantically or sexually. One of you may be missing the other's cues or inadvertently putting the other off.

*May 14, 2009 9 PM(May 12, 2009 to May 16, 2009) Merc Trine Merc*

This astrological influence (Merc Trine Merc) also occurred on Apr 29, 2009 (peak date). Please refer to this date.

*May 15, 2009 12 AM(May 12, 2009 to May 16, 2009) Merc Trine Sun*

This astrological influence (Merc Trine Sun) also occurred on Apr 29, 2009 (peak date). Please refer to this date.

*May 15, 2009 8 AM(May 15, 2009 to May 16, 2009) Mars Trine Asc*

The two of you make a definite impact on your environment right now. You come across as a vital, confident and strong team, so others are apt to yield to you or at least take you into account. You will generate more energy together than either of you would individually at the moment.

*May 15, 2009 6 PM(May 13, 2009 to May 17, 2009) Merc Qucnx Ven*

This astrological influence (Merc Qucnx Ven) also occurred on Apr 29, 2009 (peak date). Please refer to this date.

*May 16, 2009 5 AM(May 14, 2009 to May 17, 2009) Ven Trine Sat*

Things are on an even keel between you right now. Though not necessarily wildly exciting or the stuff dreams are made of (unless you have some other astrological influence operating), being with one another is comforting, reassuring, stabilizing. Quiet pastimes are favored.

*May 16, 2009 11 AM(May 15, 2009 to May 17, 2009) Ven Qucnx Jup*

You bring out in one another tendencies toward excessive spending, partying, or consuming. Too much of a good thing can cause mutual regret later.

*May 18, 2009 7 AM(May 17, 2009 to May 19, 2009) Ven Trine Plu*

The two of you can experience the magical, transforming power of love, if you are willing to really be vulnerable and open with one another now. Sexual and emotional healing through deep contact, deep acceptance, and your love for one another can occur. Share the longings you have had, the secret wishes and desires, and the losses you still carry. Superficial relating is not on the agenda now.

*May 19, 2009 4 PM(May 19, 2009 to May 20, 2009) Sun Qucnx Ven*

The personal goals, ambitions, or desires of one or both of you interferes with your relationship at present. One or the other is apt to be neglected or put aside. Or you may simply be out of sync with each other. As long as this is not a repeated theme in your relationship, just let it pass.

*May 20, 2009 2 AM(May 19, 2009 to May 21, 2009) Sun Trine Sun*

This is a period of balance, equilibrium, and flow between you, and thus a favorable time for any joint endeavor or to just enjoy being together. Paying attention to what is good about one another and the relationship, perhaps giving a gift or some other form of love and recognition to your partner, will build a fund of goodwill and good feelings to draw upon during times of trouble. You are "lucky" together right now.

*May 20, 2009 3 AM(May 19, 2009 to May 21, 2009) Sun Trine Merc*

You flow together rather easily now, especially on a mental or intellectual level. This is a good time for you to talk, air things out, further your understanding of one another's ideas and beliefs. Going for a drive, to a movie, or on some other short outing is favored also.

*May 23, 2009 2 AM(May 23, 2009 to May 24, 2009) Mars Sxtil Ura*

If one of you is usually "old reliable" or resistant to trying new things, this is an excellent time to experiment with another way of being. You will want to break out of routines and staleness, and do something different, spontaneous, high-energy. You arouse each other to take action and make changes.

*May 23, 2009 2 PM(May 23, 2009 to May 24, 2009) Ven Trine Asc*

Harmony, ease, and a desire to cooperate set the tone. You put one another in an agreeable and affectionate mood, and anything you do together works out well.

*May 24, 2009 5 PM(May 23, 2009 to May 26, 2009) Mars Conj Moon*

You evoke quick, definite, passionate responses in one another right now. Patience and forbearance are in short supply, and you are not very conciliatory toward one another. Tempers may flare. If fiery emotional scenes turn you on, you will enjoy yourselves.

*May 30, 2009 4 AM(May 29, 2009 to May 31, 2009) Sun Trine Nep*

You are very open and physically sensitive to one another at the moment, and can experience unusual extrasensory perception, or telepathy with one another. You are in a dreamy, imaginative space together. Perhaps you can take a long walk on the beach and tell one another your dreams.

*May 30, 2009 6 AM(May 29, 2009 to May 31, 2009) Ven Sxtil Ura*

The two of you could start up a relationship with some new people. Follow your spontaneous impulses as they will lead you to new pleasures and vitality for your relationship. Music and movement play a role.

*May 30, 2009 8 AM(May 28, 2009 to May 31, 2009) Mars Oppos Ven*

You arouse strong, passionate, amorous feelings in one another now. In fact, you will probably find each other irresistible! Because the physical attraction between you is at a peak, you will want to make love or at least play rambunctiously together. If your desires are frustrated for some reason, this energy could become a heated exchange.

*May 30, 2009 9 PM(May 29, 2009 to June 1, 2009) Mars Qucnx Sun*

Your individual agendas and desires are pulling you in different directions for the moment. It would be best to let each other go off alone; if you are together you are apt to irritate or get in each other's way.

*May 30, 2009 11 PM(May 29, 2009 to June 1, 2009) Mars Qucnx Merc*

Irritability can lead to ill-considered words, which provoke a fight. Today can be a real headache if you do not make an effort to be considerate and tactful.

*May 31, 2009 10 AM(May 31, 2009 to June 1, 2009) Sun Sqr Mars*

You aggravate one another for no particular reason, and conflicts may erupt over rather minor issues. This is especially true if one or the other has the tendency to dominate or try to tell the other what to do or how to do it. Pushiness will back fire now. As long as the two of you are not cooped up together -say on a long car ride or in a small office space - battles can be avoided, if you give one another plenty of breathing room.

*May 31, 2009 2 PM(May 31, 2009 to June 1, 2009) Ven Conj Moon*

This is a very soulful, sweet time. Love, tenderness, and affection blossom between you. If things have not been going so well, you will be especially remorseful about that now and try to make amends. Kindness and caring of one another's heart is more important than being right.

*June 1, 2009 10 PM(May 31, 2009 to June 2, 2009) Sun Sxtil Sat*

An atmosphere of clarity, realism, and objectivity exists between you right now. If there are problems that the two of you have been struggling with or avoiding, this is a good time to put things in order. Just working quietly together would be gratifying at present.

*June 2, 2009 3 AM(June 2, 2009 to June 3, 2009) Sun Qucnx Jup*

The two of you experience some minor inconveniences or injustices. At worst, you could have a run-in with the law over something you overlooked or were lazy about doing. This time may pass with no perceivable effects, however, as long as you do not get sloppy. There is also a tendency to take one another and the good of your relationship for granted right now.

*June 3, 2009 3 PM(June 2, 2009 to June 4, 2009) Sun Sxtil Plu*

You are drawn to the mystery or secret depths of one another now. You may discover something about your partner you only glimpsed before. This can be a revitalizing time for the two of you. Certainly it will not be a superficial encounter.

*June 5, 2009 3 AM(June 4, 2009 to June 6, 2009) Ven Oppos Ven*

This is a very loving time, and can be tremendously heart opening and romantic. At the least, you will be cooperating well because your mutual desire for harmony and unity is so strong right now. You are also inclined to be somewhat frivolous, doing something just because it is beautiful, or feels wonderful, or you want to. The spirit of Eros permeates the atmosphere between you.

*June 5, 2009 1 PM(June 4, 2009 to June 6, 2009) Ven Qucnx Sun*

One of you is more in the mood for romance and affection than the other, or you are both feeling loving but schedules or other commitments interfere. Some kind of embarrassing situation, indiscretion, or inappropriate behavior can mar this time, so be as thoughtful and considerate of one another as possible.

*June 5, 2009 3 PM(June 4, 2009 to June 6, 2009) Ven Qucnx Merc*

A minor social embarrassment or some awkwardness between the two of you occurs now. Someone inadvertently strikes a discordant note. As long as you can laugh at yourselves, you will be fine.

*June 8, 2009 3 AM(June 8, 2009 to June 9, 2009) Mars Conj MC*

A spirit of decisiveness, action, and positive force infuses your relationship. This is the time to really move on your mutual long term goals and aspirations. Any vigorous activity that you can share is favored now and it is likely to be competitive too. Any rivalry between you is activated.

*June 8, 2009 3 AM(June 8, 2009 to June 9, 2009) Sun Sxtil Asc*

An overall sense of harmony characterizes this time, and the two of you are apt to be rather gregarious and social. You will want to go out rather than stay at home together right now.

*June 11, 2009 8 PM(June 10, 2009 to June 12, 2009) Ven Conj MC*

Harmony reigns in your relationship now because you are both more interested in one another's happiness and in the well-being of the relationship than in your individual agendas. This is also an excellent time to proclaim your love publicly and openly. If you were planning to announce an engagement or choosing a wedding date, you could not pick a sweeter time.

*June 12, 2009 8 PM(June 12, 2009 to June 13, 2009) Merc Qucnx Ven*

Do not allow a minor indiscretion or a few awkward moments mar your time together. Unless it is a persistent pattern, you may want to smile and look the other way if one of you behaves foolishly or says something socially inappropriate.

*June 12, 2009 11 PM(June 11, 2009 to June 14, 2009) Mars Qucnx Nep*

Being together right now can make both of you more unfocused and scattered. You put one another in a peculiar mood, although this is so subtle you may barely notice it. Nevertheless, any sort of intoxicant that further decreases your ability to deal with reality should be avoided if you are together.

*June 13, 2009 7 AM(June 12, 2009 to June 14, 2009) Merc Trine Sun*

Communication flows freely. You both feel open about expressing your ideas and are willing to hear the other's as well. If you are not physically together, you will want to be calling or visiting one another even more than usual.

*June 13, 2009 8 AM(June 12, 2009 to June 14, 2009) Merc Trine Merc*

New ideas and stimulating conversation flows. This is also a wonderful time to take a trip together, or at least to plan one.

*June 14, 2009 6 AM(June 14, 2009 to June 15, 2009) Sun Conj Ura*

Something unexpected, unusual, surprising occurs between you now. You may experience something unexplainable, perhaps an uncanny synchronicity or coincidence. There is an electric atmosphere of spontaneity, uncertainty, or excitement between and around you now.

*June 14, 2009 2 PM(June 14, 2009 to June 15, 2009) Mars Trine Mars*

This is an excellent time to begin a project together, or to rekindle your interests in something you might have begun together earlier and put aside. Any kind of sport or physical activity you enjoy together is favored now also. Just about anything you do as a couple will be successful now due to your combined enthusiasm for the project.

*June 15, 2009 9 AM(June 14, 2009 to June 16, 2009) Ven Qucnx Nep*

A vague feeling of dissatisfaction or confusion arises now. One of you feels you are sacrificing too much, or you just don't know where the other person is coming from. Check out your concerns and perceptions with one another because something you may be imagining about your partner is likely to be not quite true.

*June 15, 2009 1 PM(June 14, 2009 to June 16, 2009) Sun Sxtil Moon*

This is a good time for the two of you to join friends or relatives in their homes, or to invite others to yours. You are in sync with one another and cooperate easily without a lot needing to be said. If children are a part of your life, they will bring something valuable into the scene.

*June 16, 2009 1 PM(June 16, 2009 to June 17, 2009) Mars Sqr Sat*

You are rather tough on each other now, perhaps without intending to be. Each of you is more touchy, defensive or insecure, so skirmishes can erupt over seemingly trivial issues. Seeing the absurdity of your own reactions, and perhaps taking a little space can help.

*June 16, 2009 1 PM(June 16, 2009 to June 17, 2009) Ven Trine Mars*

Currents of warmth and magnetic attraction are flowing between you, and you respond lovingly and passionately to one another. Creativity is inspired, too, and you can make something or design something

beautiful together. This is a wonderful time just to enjoy one another's presence.

*June 16, 2009 6 PM(June 15, 2009 to June 18, 2009) Mars Oppos Jup*

Right now the two of you encourage one another to dream big and to aim high. If you share any goals or are involved in any projects together, these are favored now. Even if you don't, you will feel positive and optimistic about your future and what you can do together.

*June 17, 2009 11 PM(June 16, 2009 to June 18, 2009) Ven Sqr Sat*

You may be having some serious reservations about this relationship right now, perhaps because you are focusing on the lacks, flaws and least pleasing aspects of one another. Your mutual fears, insecurities and barriers to love and intimacy are up right now. Although unpleasant, it would be wise to take responsibility for your unhappiness rather than conveniently blaming the other. Temporarily pulling back and having some solitude may not be a bad idea.

*June 18, 2009 3 AM(June 18, 2009 to June 19, 2009) Ven Oppos Jup*

Good humor and a desire for fun prevails. Whatever you do together now, you will have a grand time doing it. You are inclined to live it up, enjoy the moment, and not consider consequences too much. Even so, you two are quite "lucky" together now.

*June 18, 2009 6 PM(June 17, 2009 to June 20, 2009) Mars Sqr Plu*

If there is any underlying rivalry, hidden anger, or resentment toward one another for any reason, it will surface now to be dealt with. If this has been going on unacknowledged for some time, a fierce battle could erupt. Even if none of these dynamics exists in your relationship, beware of domineering attitudes now; any attempt to force your desire against your partner's will spells TROUBLE!

*June 19, 2009 12 PM(June 18, 2009 to June 20, 2009) Ven Sqr Plu*

Forces within both of you which sabotage the closeness you could be experiencing come to the fore. You may touch upon some long standing or "hidden" problems which you have tried to ignore. If one or the other feels dominated or controlled, unloved or unappreciated - all of this may come up now. Passions and deep feelings of all kinds are intensified between you now.

*June 19, 2009 11 PM(June 18, 2009 to June 21, 2009) Sun Trine Ven*

Affection, harmony, and warm feelings flow between you now, and you give one another much pleasure. If you can not be together at this time, you will really miss each other. Sharing social, artistic, or cultural activities will be satisfying. You may create something even "lucky" together.

*June 20, 2009 10 AM(June 20, 2009 to June 21, 2009) Sun Sqr Sun*

Even if your relationship is basically sound, a challenge or crisis is apt to occur around this time. Your basic differences come out now, and can cause a sense of separateness or conflict. If you are harmonious most of the time, this will be relatively minor.

*June 20, 2009 11 AM(June 20, 2009 to June 21, 2009) Sun Sqr Merc*

Expect lively conversation, which can lead to bickering or arguing for the sake of an argument. You may get on one another's nerves a bit, or simply be unreceptive to what the other person is trying to convey. A short trip will be fun as long as you do not disagree on who should do the driving.

*June 21, 2009 12 PM(June 20, 2009 to June 22, 2009) Merc Trine Nep*

A shared flight of imagination brings pleasure: you could write a song together, discuss your latest psychic experiences, visit a tarot card reader, plan an exotic vacation, talk about your dreams. Spiritual topics or otherworldly tales fascinate you now. You may want to see a film that interests the idealistic, believing, hopeful sides of you.

*June 22, 2009 8 AM(June 22, 2009 to June 23, 2009) Merc Sqr Mars*

Nerves are edgy and tempers flare. You may feel inordinately irritated by the opinions and ideas expressed by your partner. What seems atrocious now, however, may well seem not worth fighting about later.

A hot game of tennis or some other one-on-one sport would be fine, as long as you leave the game behind when it is over. Apologize immediately for any rudeness toward one another.

*June 23, 2009 7 AM(June 22, 2009 to June 24, 2009) Merc Sxtil Sat*

This is a good time to air your concerns or minor grievances with one another, or to talk about changes you would like to make to improve your relationship. How money is spent, who pays for what, how much time you want to devote to being together, changing living arrangements, or other practical matters are likely to be emphasized now.

*June 23, 2009 10 AM(June 22, 2009 to June 24, 2009) Merc Qucnx Jup*

The two of you do not have very good judgment right now, especially in money matters. This is not a good time to make a joint purchase; avoid gambling, too!

*June 23, 2009 3 PM(June 22, 2009 to June 24, 2009) Ven Sqr Asc*

The urge to please and cooperate, as well as genuine affection for one another, make this a harmonious time for the two of you. You charm one another and simply enjoy one another's company at the moment.

*June 24, 2009 8 AM(June 24, 2009 to June 25, 2009) Merc Sxtil Plu*

The two of you play spy, detective, private investigator. You may find something lost, inadvertently uncover a secret, or get some inside information. A friend comes to you with a problem that requires discretion.

*June 24, 2009 3 PM(June 23, 2009 to June 26, 2009) Mars Sqr Asc*

Anger and irritation flare up between you rather quickly now. Beware of taking offense at actions or remarks that really are not intended to hurt you. This can be a rocky time in your relationship because of your contentiousness and unwillingness to give in.

*June 26, 2009 8 PM(June 26, 2009 to June 27, 2009) Sun Sxtil MC*

Each of you is an asset to the other right now. This is a time for focusing in getting what you want as a couple - setting goals, seeing people who may be in a position to help you, etc.

*June 26, 2009 11 PM(June 26, 2009 to June 27, 2009) Merc Sxtil Asc*

Even if the two of you want to be alone together now, you probably will not be. For some reason, the two of you evoke others' curiosity or friendly interest. This is a good time for a round table discussion, a block party, or some other group event you attend as a couple.

*June 30, 2009 6 AM(June 30, 2009 to July 1, 2009) Merc Conj Ura*

You spark one another's intellectual or spiritual curiosity. Creative, original, inspired, and just plain off-the-wall ideas come through the two of you now. You may find the pace is a bit unnerving though, and you may have to deal with some unexpected occurrence if you are out together.

*June 30, 2009 2 PM(June 30, 2009 to July 1, 2009) Sun Sqr Nep*

Do all you can to avoid confusion, ambivalence, vagueness, or misunderstanding between you right now. At the same time, try to be forgiving of one another for lapses or mix-ups which do occur. The atmosphere between you is temporarily foggy and uncertain.

*June 30, 2009 10 PM(June 30, 2009 to July 1, 2009) Merc Sxtil Moon*

This is a good time to introduce one another to old friends or to your family, to plan a trip home, or to share personal memories and stories with one another. You understand and sympathize with one another and can gain a new clarity about each other's emotional make up.

*July 1, 2009 8 PM(June 30, 2009 to July 2, 2009) Sun Sxtil Mars*

You can accomplish a lot together right now. Hard work or strenuous physical play is favored. Being together puts both of you in a self-assertive mood, but not so much that you run over each other's desires or feelings. Actually you will be a strong force together at this time.

*July 3, 2009 2 AM(July 2, 2009 to July 4, 2009) Merc Trine Ven*

You bring out a lighthearted and pleasant mood in one another. A spontaneous small gift as loving note - something small and sweet - would be perfect. Loving words come easily -and mean a lot - right now.

*July 3, 2009 7 AM(July 2, 2009 to July 4, 2009) Merc Sqr Sun*

There is a sort of busy, quick, restless quality in the atmosphere between you now, and you could even get on one another's nerves a bit. Or, it could be mentally stimulating and fun, if a bit frenetic. It is not the best time to bring up a touchy subject, however, as you have a tendency to overstate yourselves or blurt out something you might regret.

*July 3, 2009 8 AM(July 2, 2009 to July 4, 2009) Merc Sqr Merc*

Your communication with each other takes on the quality of a ping-pong match: quick, lively, but not necessarily purposeful. You may spat about trivial matters, or go on and on about very little.

You may enjoy word games, playing cards, or similar activities now. Intellectual and mental energies are stimulated.

*July 3, 2009 1 PM(July 2, 2009 to July 4, 2009) Sun Trine Jup*

This is a very positive time between the two of you. Shared optimism, enthusiasm, and an overall sense of well-being permeate your relationship. You are apt to be extraordinarily lucky together right now.

Adventures, important and beneficial encounters, and serendipitous events are very likely. It is also a good time to expand and invest in your relationship - for example, make a major purchase together.

*July 4, 2009 5 AM(July 4, 2009 to July 5, 2009) Ven Qucnx Ven*

Disagreements arise now over personal tastes and styles, what each of you considers desirable or beautiful, how you show love or want to be loved. This will not be a direct confrontation most likely, more of a subtle sense that the other is missing something, not "getting it".

*July 4, 2009 2 PM(July 4, 2009 to July 5, 2009) Ven Trine Sun*

Love is flowing and romance flourishes. Whatever you do together now will be beautiful, and beautifully received. If you have been neglecting each other or have some hurt feelings between you, this can be a day to bring love back into your relationship.

*July 4, 2009 4 PM(July 4, 2009 to July 5, 2009) Ven Trine Merc*

This is the time to send one of those lusciously romantic or sentimental cards. Even better, write a love letter or song for your partner. At this time your relationship is enhanced through WORDS artfully or heartfully

expressed. Speak or write about your appreciation, admiration, passion, or affection for one another.

*July 6, 2009 7 AM(July 6, 2009 to July 7, 2009) Merc Sxtil MC*

Clear communication and a tone of reasonableness and fair play make this a good time to work on any shared goals or joint plans. As a couple, your judgment is sound, so any decisions you make together are likely to work in your favor.

*July 8, 2009 12 AM(July 7, 2009 to July 8, 2009) Merc Sqr Nep*

Talking to one another now is apt to be confusing, bewildering, or just plain strange. It is likely that one or the other of you will entirely forget crucial pieces of information -or the entire conversation! Concrete plans are apt to go awry, for reasons unclear or unknown. Obviously this is not the time to make serious decisions, or to buy something you will both have to live with for some time to come. This is a fine time, however, to dream and imagine together, or to immerse yourselves in some fantasy - the theater or a film perhaps.

*July 8, 2009 1 PM(July 8, 2009 to July 9, 2009) Merc Sxtil Mars*

This is a good time to plan a joint work project, or to do something together that requires both brain and muscle. You are an effective team right now.

*July 9, 2009 7 AM(July 8, 2009 to July 10, 2009) Merc Trine Jup*

This is a wonderful time to travel together or to make plans to do so. Being with one another right now encourages you both to be more optimistic, forward-looking, and broad in your thinking. You help each other see the Big Picture.

*July 10, 2009 11 AM(July 10, 2009 to July 11, 2009) Mars Qucnx Ven*

There may be some tension over what each of you wants and is willing to give, and unless you are conscious of what is happening, you may feel drained at the end of the day without knowing why. Be as direct as possible about what you want without being demanding, accusing or pulling too much on your partner's energy.

*July 11, 2009 2 AM(July 9, 2009 to July 12, 2009) Mars Trine Sun*

You strengthen and bring out the positive, active, vital energies in one another now. Being together will build your confidence, and you can get a lot done smoothly and with less struggle. You assist one another in taking on a challenge.

*July 11, 2009 4 AM(July 9, 2009 to July 12, 2009) Mars Trine Merc*

This would be a great time for the two of you to go hiking, backpacking, bicycling or do something else that gets you moving and maybe sweating a bit. You will want to be active. Expect lively conversation and debate as well.

*July 13, 2009 10 AM(July 12, 2009 to July 14, 2009) Ven Trine Nep*

This is a time of romantic imaginings and of escaping from the ordinary and prosaic. You may want to visit a beautiful church or an art gallery or some inspiring place in nature together. Make sweet harmonies together, gaze at the stars, open your hearts.

*July 14, 2009 12 PM(July 14, 2009 to July 15, 2009) Ven Sqr Mars*

Tensions in the sexual aspect of your relationship - perhaps due to differing interests, desires, preferences, or love styles - can cause some friction now. Most likely one of you is more ready than the other. Trying to balance the satisfaction of your own desires versus pleasing your partner is at issue here.

*July 15, 2009 6 AM(July 14, 2009 to July 16, 2009) Merc Sqr Moon*

Words are backed up with a lot of emotion and feeling. This can be a good time to ventilate and air out some unspoken wishes, needs, or feelings. Recognize that you are talking about feelings and emotional realities, not necessarily facts. You could have a dispute over differing memories or interpretations of the same event.

*July 15, 2009 6 PM(July 14, 2009 to July 16, 2009) Ven Sxtil Sat*

You get an opportunity to show loyalty, dependability, and that you want to be there for one another in foul weather as well as fair. It may seem like not much is happening, a humdrum kind of time. Can you enjoy each other even when there are no fireworks?

*July 15, 2009 10 PM(July 15, 2009 to July 16, 2009) Ven Qucnx Jup*

You bring out in one another tendencies toward excessive spending, partying, or consuming. Too much of a good thing can cause mutual regret later.

*July 17, 2009 12 AM(July 15, 2009 to July 18, 2009) Sun Sqr Moon*

There is a definite tendency for one of you to unwittingly override the other's feelings, wishes, or unspoken needs, which can cause some tension between you. You may be somewhat at odds or out of touch with one another. However, if both of you will take responsibility for voicing your wishes, even if they seem rather childish or needy, your time together can be intimate and satisfying.

*July 17, 2009 5 AM(July 16, 2009 to July 18, 2009) Ven Sxtil Plu*

There is a magical attractiveness or feeling of "fate" between the two of you now. Lovemaking or any exchange between you is intense and potentially rejuvenating for your relationship.

*July 17, 2009 6 AM(July 16, 2009 to July 18, 2009) Merc Sqr Ven*

This is a favorable time to discuss matters of the heart -what you both want, need, wish for, long for, delighting. You are flirtatious and playful, also.

*July 17, 2009 11 AM(July 16, 2009 to July 18, 2009) Merc Sxtil Sun*

There is a good flow of ideas and conversation now, and you certainly will not be bored as being in one another's presence stimulates you intellectually and mentally. The emphasis is on curiosity, exchanging thoughts, clarity, and understanding.

*July 17, 2009 12 PM(July 17, 2009 to July 18, 2009) Merc Sxtil Merc*

There is mental and intellectual compatibility between you now. Even if you usually disagree on any number of topics, you will find areas of harmony and agreement. Thus it is a good time for discussion, or just being together. Friends come into the picture as well.

*July 20, 2009 11 AM(July 20, 2009 to July 21, 2009) Merc Sqr MC*

Right now both of you tend to say more than is necessary. If you have plans for the day, make sure you do not fritter away the time discussing your various options or negotiating over trivialities. Nit picking over details can create tense moments.

*July 21, 2009 1 AM(July 20, 2009 to July 22, 2009) Ven Sxtil Asc*

Both your friendships and your romance blossom now. You are getting along splendidly, and whatever you do together should work out very well.

*July 21, 2009 10 AM(July 20, 2009 to July 22, 2009) Sun Sqr Ven*

Although you may really want to be together or relax and enjoy yourselves right now, some sort of obstacle temporarily hinders this. Also beware of excesses and indulging yourselves in too much of a good thing.

*July 21, 2009 9 PM(July 20, 2009 to July 22, 2009) Sun Sxtil Sun*

This is a good time for the two of you to be social together. Accept invitations, or extend them, join friends, neighbors or other groups you enjoy. If you are working together on a project, that too will go well. Cooperation and mutual encouragement are the tone of this time period.

*July 21, 2009 10 PM(July 20, 2009 to July 22, 2009) Sun Sxtil Merc*

If the two of you need to attend to any business matters, commercial negotiations, or joint projects, this is a good time. Communications are favored.

*July 22, 2009 6 AM (July 22, 2009 to July 23, 2009) Merc Sxtil Nep*

Being with one another now makes you both more open and sensitive to the nonrational, mysterious, supernatural, or miraculous aspects of life. Your psychic rapport with one another is heightened; amazing coincidences, or telepathic knowledge of one another is very likely. This is a good time to visit the ocean, lakeside, or your favorite contemplative spot together.

*July 23, 2009 2 PM (July 23, 2009 to July 24, 2009) Merc Conj Sat*

You see one another's deficits and flaws very clearly now, as well as the problems or lacks in the relationship itself. You are also likely to be less open and communicative with one another at the moment. If you share practical responsibilities and duties, these will dominate your attention.

*July 23, 2009 4 PM (July 23, 2009 to July 24, 2009) Merc Sqr Jup*

You are apt to have philosophical disagreements and/or to tell tall tales to one another... not lies, just exaggerations!

*July 23, 2009 (July 13, 2009 to Aug 1, 2009) Jup Sxtil Moon*

While not particularly remarkable, this is a favorable time for the two of you. A feeling of everything's-going-to-be-alright and let's-just-have-a-good-time pervades the atmosphere between you. You enjoy the company of other people, family members are helpful and supportive, and what you need seems to arrive just when you need it. Laughter and humor in one another's presence can ease any difficulties you may be having in your individual lives. Your relationship is a source of comfort now.

*July 24, 2009 10 AM (July 24, 2009 to July 25, 2009) Merc Conj Plu*

Profound thoughts and probing conversation are on the agenda. You are both likely to express some strong opinions and convictions, but avoid trying to coerce the other person into accepting your views. You can reach new depths of your understanding of one another but you may also find yourselves in some shadowy territory. You may see an unsuspected secretive side to your partner, or share a secret.

*July 25, 2009 12 AM (July 23, 2009 to July 26, 2009) Mars Trine Nep*

A touch of magic! Your imaginations are activated and you could create something wonderful, unique, colorful. Play with and express the childlike, fanciful, foolish, or dreamer aspects of yourselves. Sometimes dreams do come true.

Spiritual energies are also activated now, so if the two of you are so inclined you could successfully work with one another in some way (such as channeling healing energies, doing visualizations, etc.) that draws upon those interests.

*July 26, 2009 5 AM (July 26, 2009 to July 27, 2009) Ven Conj Ura*

This is a time of romantic surprises and an urge for something adventurous in love. The "surprise" may be delightfully impulsive, or a sudden change of heart. Either way, it shakes you up a bit.

*July 26, 2009 5 PM(July 26, 2009 to July 27, 2009) Merc Conj Asc*

This is a time of conversation, intellectual exchange, curiosity, teaching, or making a presentation, movement, perhaps taking a short excursion together. While not especially dramatic, the two of you can make a significant connection with one another and with other people at this time.

*July 26, 2009 6 PM(July 25, 2009 to July 28, 2009) Mars Sqr Mars*

Now is a time to see how the two of you handle conflict, because this is a period of friction and potentially explosive tension between you. Ego and competitive energies run high. What you could ignore or overlook in other times may irritate you tremendously now. Even if the two of you do not feel like fighting with one another, there may be anger over circumstances that neither of you can control.

*July 27, 2009 7 AM(July 26, 2009 to July 28, 2009) Ven Sxtil Moon*

It is family time, and being with young ones is favored. You may want to "adopt" others' youngsters for the day if you do not have any of your own. Or you may want to spend some time with a beloved pet. Visits with relatives go very smoothly also.

*July 28, 2009 7 AM(July 28, 2009 to July 29, 2009) Sun Sqr MC*

The two of you are apt to be wrapped up in one another, and somewhat oblivious to the rest of the world right now. This is a good time to air out any problems you have been having, and to "set the record straight".

*July 28, 2009 8 PM(July 27, 2009 to July 30, 2009) Mars Sxtil Sat*

This is not a particularly glamorous or extraordinary time and could pass unnoticed, but it would be an excellent time to begin some regular regimen together, such as walking or running for fitness and for pleasure. Helping each other out with some chore is favored also.

*July 29, 2009 3 AM(July 27, 2009 to July 30, 2009) Mars Qucnx Jup*

If the two of you are together now, avoid speeding or breaking the law even in a trivial way, as you could have a run-in with the authorities. Your timing is a bit off, too, so minor accidents are possible too. With careful attention, all of this can be avoided.

*July 29, 2009 11 PM(July 29, 2009 to July 30, 2009) Merc Sxtil Ura*

If you are together now, you are not as apt to be focusing on one another as on doing something exciting or out of the ordinary. You will both want to pursue new friends, fresh or unusual ideas, or a different social or cultural scene than you are accustomed to. There is also an increase in the mental telepathy between you.

*July 30, 2009 4 PM(July 30, 2009 to July 31, 2009) Merc Trine Moon*

You may want to visit "the old stamping grounds", go see family, or some way revisit the past together. There is a wonderful flow of understanding and sympathetic rapport between you; words may not be necessary.

*July 30, 2009 11 PM(July 30, 2009 to July 31, 2009) Ven Trine Ven*

You are pleasantly at ease and flowing harmoniously together at the moment. You could attract something wonderful into your shared lives at this time - it is your "lucky day". The spirit of Eros, of love, is blessing you in some way.

*July 31, 2009 5 AM(July 29, 2009 to Aug 1, 2009) Mars Sxtil Plu*

If you share any work or projects you can be extraordinarily productive together now. You also spur one another on to some creative accomplishments as individuals.

*July 31, 2009 8 AM(July 30, 2009 to Aug 1, 2009) Ven Sqr Sun*

This is a time of lighthearted pleasure and you encourage one another to relax, feel good, maybe a bit self-indulgent. Romance flourishes.

*July 31, 2009 9 AM(July 30, 2009 to Aug 1, 2009) Ven Sqr Merc*

You seek out amusement or entertainment that is just fun and which does not demand much of you intellectually or emotionally. You also enjoy flirting or teasing one another in a friendly way. Some of these "jokes" or playful remarks contain quite a bit of truth about your thoughts and feelings towards each other, but you sweeten them with humor and affection.

*Aug 1, 2009 12 AM(Aug 1, 2009 to Aug 2, 2009) Sun Sxtil Nep*

You are in a mellow and whimsical mood. This is a good time to listen to music together, go see a film, go to the theater, paint your bathroom lavender, give one another a relaxing massage, or share your dreams or fantasies with one another.

*Aug 2, 2009 3 AM(Aug 1, 2009 to Aug 3, 2009) Merc Sxtil Ven*

This is a pleasant, lighthearted time. Save the heavy subjects or deep emotional discussions for another day. Socializing, visiting friends, going shopping for fun, or some other bit of frivolity would be just right.

*Aug 3, 2009 (July 25, 2009 to Aug 10, 2009) Jup Trine Ura*

As a couple, you are more attuned at this time to the larger order or pattern in the universe. You may find

unusual coincidences and synchronicities increasing, and have a sense of everything unfolding magically and perfectly around you. Any change you may have wanted to make occurs more easily, with less struggle or resistance now.

*Aug 3, 2009 6 PM(Aug 3, 2009 to Aug 4, 2009) Sun Conj Sat*

The themes now are commitment, responsibilities, restrictions, loyalty, or obligations to one another. You will do what you have to - not necessarily what you would like to - do. This can mean anything from doing mundane chores to tackling a difficult, ongoing problem between the two of you. If you handle these matters fruitfully, it can put you on much firmer footing and increase your sense of commitment to one another.

*Aug 3, 2009 11 PM(Aug 3, 2009 to Aug 4, 2009) Sun Sqr Jup*

You dream big dreams together right now, which may make you inspired for the future - or restless and discontented with your current circumstances. This is an excellent time to vacation together, especially in some far-off place. However, beware of any tendencies toward extravagance or gambling which the two of you will have to pay for later.

*Aug 5, 2009 11 AM(Aug 5, 2009 to Aug 6, 2009) Sun Conj Plu*

Whatever occurs between the two of you now will illuminate and bring into conscious awareness something that goes on all the time subliminally or behind-the-scenes. You may see one another's deeper motives and hidden agendas. Do you empower and reinforce one another? Do you ask directly for what you need or try to get it with subtle manipulation? Questions of personal power come into play here.

*Aug 5, 2009 4 PM(Aug 5, 2009 to Aug 6, 2009) Ven Sxtil MC*

You are fortunate together at the moment, and no matter what you do it is likely to work out very well. A spirit of friendliness, agreeableness, and harmony with others infuses your relationship and you make a good impression as a couple.

*Aug 6, 2009 5 AM(Aug 5, 2009 to Aug 7, 2009) Merc Trine MC*

This is a good time to gather information about joint projects and plans, and to make contacts. Any business dealings or legal matters that involve both of you go well now, also.

*Aug 6, 2009 3 PM(Aug 5, 2009 to Aug 8, 2009) Mars Sxtil Asc*

Together you will want to be active and getting something accomplished. You are prone to push each other to do more, but in an encouraging and positive way. Sports or outdoor activities are also favored.

*Aug 8, 2009 5 PM(Aug 7, 2009 to Aug 9, 2009) Ven Sqr Nep*

You are probably not seeing one another very realistically right now - nor do you want to. Erotic imagination,

fantasy, and your wishes for love color your perceptions of one another and your relationship. If your partner does not fulfill your dreams or even have any interest in them, you may well be disenchanted.

*Aug 9, 2009 9 AM(Aug 9, 2009 to Aug 10, 2009) Merc Conj Mars*

You are intellectually competitive with one another, ready to vigorously defend your positions, opinions, ideas, and beliefs. Thus can make for some stimulating debate - or for bruising one another with words. Be careful not to step over the line between being blunt with honesty and bludgeoning each other with the truth.

*Aug 9, 2009 6 PM(Aug 9, 2009 to Aug 10, 2009) Ven Sxtil Mars*

You are attuned to one another romantically and sexually, and you seem to know just what would please and delight one another. Even if you are not lovers, there is a flow of warmth and pleasure between you so that you enjoy being together.

*Aug 9, 2009 11 PM(Aug 9, 2009 to Aug 10, 2009) Sun Conj Asc*

This is a special day for the two of you. You are likely to feel especially strong as a couple. Together, you attract the attention and recognition of other people in your environment, so if you want your privacy, do not go out in public together. On the other hand, if you want to make a favorable impression as a couple, this is the time.

*Aug 10, 2009 11 AM(Aug 9, 2009 to Aug 11, 2009) Merc Sxtil Jup*

Talk turns to philosophical speculations, dreams for the future, and mutual aspirations. You help one another to see the big picture right now so petty immediate problems do not seem so important. This is a good time to see a comedy and to share humor.

*Aug 11, 2009 3 AM(Aug 11, 2009 to Aug 12, 2009) Ven Trine Jup*

Let the good times roll! The two of you put one another -and those around you as well -into an upbeat, exuberant, expansive frame of mind. All you really want to do when you are together now is to play or relax. Festive events and social gatherings are favored; work or serious matters are put on the back burner.

*Aug 15, 2009 12 PM(Aug 13, 2009 to Aug 17, 2009) Mars Conj Ura*

This is a time of very dynamic and potentially explosive energy between the two of you. You bring out the wild, dare-devilish, thrill-seeking side of one another. You could behave erratically toward one another, too. Impulsive actions, unexpected outbursts, or surprise upsets are also quite likely.

*Aug 16, 2009 1 AM(Aug 15, 2009 to Aug 17, 2009) Sun Sxtil Ura*

Something new, unexpected, surprising, or unusual adds sparkle to your relationship now. The atmosphere between you is lively, spontaneous, open to novelty and discovery.

*Aug 17, 2009 8 AM(Aug 17, 2009 to Aug 18, 2009) Sun Trine Moon*

Unless other, stronger astrological energies are at play now in your relationship, this is a time of ease, well-being, and peace between you. If tensions or problems have dominated as of late, this will be a brief respite and a chance to reach some understanding.

*Aug 17, 2009 9 AM(Aug 17, 2009 to Aug 18, 2009) Mars Sxtil Moon*

Being together at this time energizes you both and you bring out the warmth, desire and vitality within each other. Any vigorous activity - from lovemaking to a spirited game of basketball - will be good for you both.

*Aug 19, 2009 9 AM(Aug 19, 2009 to Aug 20, 2009) Merc Sqr Ura*

You stimulate, excite, and/or irritate one another intellectually now. Unexpected differences of opinion may arise which lead to a sudden change of plans or the reversal of an agreement you thought was certain. This is a brief fluctuation, however, so try to ride it through. Also, you both tend to thoughtlessly blurt things out which you may feel foolish about later.

*Aug 20, 2009 11 AM(Aug 19, 2009 to Aug 21, 2009) Merc Qucnx Moon*

There is a rather edgy, restless quality between you now. It would be wise to watch what you say to or about one another, also, because you may reveal something too private or betray a confidence.

*Aug 21, 2009 5 PM(Aug 21, 2009 to Aug 22, 2009) Sun Sxtil Ven*

Conviviality is featured now. This is a great time to spend just relaxing or having fun together, and you will want to include other friends or loved ones as well.

Affection flows freely. This is also a favorable time to work out differences or difficulties you have been having, as a spirit of cooperation permeates your interactions with one another at present.

*Aug 22, 2009 1 AM(Aug 21, 2009 to Aug 23, 2009) Ven Sqr Moon*

The mood between you is soft, loving, understanding, supportive. The need for love is strong in one or both of you, perhaps more than you are comfortable with. A little reassurance goes a long way.

*Aug 23, 2009 10 PM(Aug 22, 2009 to Aug 25, 2009) Mars Trine Ven*

A wonderful time for love and romance! The spirit of Eros is alive and flowing between you. You will be feeling very warm, sexy, loving and affectionate toward one another. Creative projects are favored also.

*Aug 24, 2009 2 PM(Aug 23, 2009 to Aug 26, 2009) Mars Sqr Sun*

Impatience, irritability and anger flare up between you quite readily now. If one of you makes the other wait or insists upon doing something the other really does not want to do, expect trouble. Even if you usually go along just to please your partner, now, you will protest. If your relationship is tempestuous even in the best of times, you could battle ferociously now.

*Aug 24, 2009 4 PM(Aug 23, 2009 to Aug 26, 2009) Mars Sqr Merc*

Arguments and disputes break out rather quickly now. You may feel you must either bite your tongue or lash out verbally. Be careful, though, because sharp words now could leave scars.

*Aug 25, 2009 12 AM(Aug 23, 2009 to Aug 26, 2009) Merc Conj Sun*

Your energies meet on a mental or intellectual level at this time. Communication between you is clear and open. You can learn a lot about what this relationship is all about, as well as how the other person sees and experiences you. If one of you is usually more articulate and verbal than the other, that person is likely to take the lead today.

*Aug 25, 2009 1 AM(Aug 25, 2009 to Aug 26, 2009) Merc Conj Merc*

This is an excellent time to connect with one another. You come together over common interests and ideas. Clear verbal communication is favored, and this is a fine time to take a short trip also.

*Aug 25, 2009 3 PM(Aug 25, 2009 to Aug 26, 2009) Ven Sqr Ven*

Disagreements about personal tastes and styles, some lack of consideration or thoughtfulness, or one of you wanting more attention and affection will lead to... kissing and making up! Or, it will lead to an awareness that you need to be doing things differently to please one another as well as yourselves.

*Aug 25, 2009 11 PM(Aug 25, 2009 to Aug 26, 2009) Ven Sxtil Sun*

You are feeling sociable and festive together now. Spend time with people you enjoy or attend a cultural event together. In general, you are getting along beautifully now.

*Aug 26, 2009 12 AM(Aug 25, 2009 to Aug 27, 2009) Ven Sxtil Merc*

You are in a lighthearted social mood together. Meeting with friends, or perhaps going out to the theater or anywhere you can contract pleasantly with other people is favored. Overall, the energy between you is agreeable, friendly and good humored.

*Aug 28, 2009 12 PM(Aug 27, 2009 to Aug 29, 2009) Sun Trine MC*

This is a time for clarifying or affirming your mutual long-range goals and the direction you see yourselves headed together. Happy and useful plans can be made now.

*Aug 29, 2009 (July 22, 2009 to Oct 21, 2009) Nep Sxtil Moon*

At this time there is an unusual degree of sensitivity, sympathy, and resonance between the two of you. You are more willing to be selfless and may be called upon to assist each other in some way.

*Aug 31, 2009 3 AM(Aug 31, 2009 to Sep 1, 2009) Ven Sqr MC*

You will definitely want to be together now, and you will miss each other if apart. You will be focusing on your relationship too and considering ways to improve it or make things go better. Gifts of affection - like flowers sent to the office or something else you know would delight the other - are happily received now.

*Sep 2, 2009 11 AM(Sep 2, 2009 to Sep 3, 2009) Sun Conj Mars*

Heat, passion, and vitality infuse your relationship now. Being together will fire you both up. This can lead to fiery love making, working vigorously together to accomplish some joint task, or to heated disputes and rivalries. To get the best from this time period, neither of you should attempt to dominate or tell the other what to do. Accidents could occur if you allow anger to get out of hand.

*Sep 3, 2009 2 AM(Sep 2, 2009 to Sep 4, 2009) Ven Sxtil Nep*

The emotional and energetic boundaries between the two of you soften, and you merge much more easily now. You are likely to be more understanding, forgiving, compassionate toward one another. Gestures like flowers, or an unselfish offer to relieve the other's burden in some way will be gladly accepted.

*Sep 3, 2009 6 AM(Aug 31, 2009 to Sep 12, 2009) Merc Qucnx MC*

You may notice that there is altogether too much thinking going on now. Trying to second guess one another or figure things out, the two of you may be just spinning your wheels. Be discreet now, as there is a tendency to say too much or tell something to the wrong person, which can adversely affect the two of you as a couple.

*Sep 3, 2009 8 AM(Sep 1, 2009 to Sep 4, 2009) Mars Sxtil MC*

You work together efficiently and harmoniously right now, and you could get something significant accomplished in a joint project or goal. You strike a good balance between independence and togetherness, and help one another to succeed in your individual endeavors as well as in combined efforts.

*Sep 4, 2009 3 AM(Sep 4, 2009 to Sep 5, 2009) Sun Sxtil Jup*

Expect a stroke of good fortune - such as being supplied with tickets to a concert that was sold out months ago, being offered an opportunity from someone you both respect, or having a bid accepted on a joint purchase you both want very much. This is also a good time for the two of you to circulate, attend social or cultural events, and be with people.

*Sep 5, 2009 7 AM(Sep 4, 2009 to Sep 6, 2009) Ven Conj Sat*

A sobering or disheartening incident may make you reassess this relationship or question its value and long term viability. You may be feeling distant, be temporarily separated, or feel inhibited about reaching out and asking for what you want. Fortunately this should not last long.

*Sep 5, 2009 10 AM(Sep 4, 2009 to Sep 6, 2009) Ven Sqr Jup*

You put each other in the mood for a good time. Together the two of you are inclined to foolishly overdo or splurge on something you can't really afford. A mutual friend in need may be the beneficiary of your generosity but beware of lending, giving, or promising more than you should. You may want to give extravagantly to one another too.

*Sep 5, 2009 (Aug 28, 2009 to Sep 13, 2009) Sat Sqr Ura*

Duties, obligations, rules, restrictions, and "shoulds" weigh you down. One of you may rebel against the other's expectations or need for certainty. Avoid blaming or accusing the other of being your warden! The two of you are rather accident prone together during this period also, so be especially careful and attentive while driving.

*Sep 6, 2009 3 PM(Sep 6, 2009 to Sep 7, 2009) Ven Conj Plu*

You arouse deep feelings in one another now, and you may be triggering powerful energies within each other that neither of you entirely comprehends. You may feel passionate attraction or unreasonable jealousy or resentments. If you find yourself reacting strongly to something the other person does, or even just their voice or their presence, understand that it is much more than their present behavior that is getting to you. Any unresolved personal or emotional issues of your own are being stimulated, and any of the "dragons" in your relationship could be rearing their heads as well.

*Sep 9, 2009 3 AM(Sep 7, 2009 to Sep 10, 2009) Mars Sqr Nep*

Either or both of you experience a vague sense of dissatisfaction or confusion about what you want right now. What is in fact happening is that you are wanting to act out some fantasy or dream-wish, and are uncertain or unclear about it. You encourage each other to pursue the impossible dream - which may not be impossible at all if you are able to distinguish fact from fiction and are completely honest with each other. Some kind of weirdness and a taste for the bizarre or unattainable are part of the scenario.

*Sep 10, 2009 5 AM(Sep 10, 2009 to Sep 11, 2009) Ven Conj Asc*

This is a very favorable time for you as a couple. The spirit of Eros - love, affection, pleasure, beauty - flows though and brings the two of you together. Any sharing you have now will be delicious! If you live together you may spend time making your environment much more appealing, harmonious and inviting.

*Sep 11, 2009 3 AM(Sep 9, 2009 to Sep 12, 2009) Mars Sxtil Mars*

You bring out a spirit of enthusiasm and confidence in one another now and you can get a lot done together. You are apt to reinforce and aid one another rather than fight or get in each other's way. Anything you undertake as a couple should work out very well indeed.

*Sep 13, 2009 7 PM(Sep 12, 2009 to Sep 15, 2009) Mars Trine Jup*

You have an encouraging, strengthening, and beneficial affect on one another now. If you enjoy sports or outdoor activities together, this is an excellent time.

*Sep 15, 2009 1 AM(Sep 14, 2009 to Sep 16, 2009) Ven Sxtil Ura*

The two of you could start up a relationship with some new people. Follow your spontaneous impulses as they will lead you to new pleasures and vitality for your relationship. Music and movement play a role.

*Sep 15, 2009 (Sep 7, 2009 to Sep 23, 2009) Sat Qucnx Moon*

You are not connecting very well emotionally at the moment. In fact, you may be (unconsciously) avoiding one another. This can be a good time for some solitude, time to take care of yourselves. Schedule a little time alone.

*Sep 16, 2009 1 AM(Sep 16, 2009 to Sep 17, 2009) Ven Trine Moon*

You make sweet music together now. Emotional understanding, harmony, and cooperation flow between you, and anything you do together will work out splendidly. Parties and all sorts of festive events are favored, especially if they happen at home.

*Sep 16, 2009 1 AM(Sep 16, 2009 to Sep 17, 2009) Sun Sqr Ura*

Excitement, surprises, or an unusual turn of events color your relationship now. Routines may be upset or plans go awry. You also seem to bring out the untamed side of one another, and one or the other of you may "act out" in an impulsive or reckless urge for freedom.

*Sep 17, 2009 7 AM(Sep 16, 2009 to Sep 18, 2009) Sun Qucnx Moon*

Work, your individual goals and involvements, or a desire for some private time away from one another may be at odds with nurturing the relationship. One of you may feel shortchanged. Unless this is a persistent problem, it is best to just grin and bear it.

*Sep 18, 2009 11 AM(Sep 18, 2009 to Sep 19, 2009) Merc Conj Merc*

This is an excellent time to connect with one another. You come together over common interests and ideas. Clear verbal communication is favored, and this is a fine time to take a short trip also.

*Sep 18, 2009 12 PM(Sep 18, 2009 to Sep 19, 2009) Merc Conj Sun*

Your energies meet on a mental or intellectual level at this time. Communication between you is clear and open. You can learn a lot about what this relationship is all about, as well as how the other person sees and experiences you. If one of you is usually more articulate and verbal than the other, that person is likely to take the lead today.

*Sep 19, 2009 1 PM(Sep 18, 2009 to Sep 20, 2009) Ven Sxtil Ven*

You are unusually friendly, open, and agreeable as a couple now. Social gatherings, meeting people, and joining with friends or would-be friends are favored. The feelings between the two of you are sweet as well.

*Sep 22, 2009 2 AM(Sep 22, 2009 to Sep 23, 2009) Sun Conj Sun*

This is an important day to be together and to affirm, strengthen, and celebrate your relationship. The way you are together now can tell you a lot about your shared purpose and the essential reasons the two of you came together in the first place.

If things have not been going so well between you, this is also a time when matters can be opened up and clarified.

*Sep 22, 2009 3 AM(Sep 22, 2009 to Sep 23, 2009) Sun Conj Merc*

Discussion, exchanging ideas and information, and negotiations are all favored now. You may talk things over or consult with one another more than usual. This is also a fine time to make a significant purchase or to go on a short trip together.

*Sep 23, 2009 1 AM(Sep 21, 2009 to Sep 24, 2009) Merc Qucnx Moon*

There is a rather edgy, restless quality between you now. It would be wise to watch what you say to or about one another, also, because you may reveal something too private or betray a confidence.

*Sep 24, 2009 12 PM(Sep 23, 2009 to Sep 26, 2009) Merc Sqr Ura*

You stimulate, excite, and/or irritate one another intellectually now. Unexpected differences of opinion may arise which lead to a sudden change of plans or the reversal of an agreement you thought was certain. This is a brief fluctuation, however, so try to ride it through. Also, you both tend to thoughtlessly blurt things out which you may feel foolish about later.

*Sep 24, 2009 9 PM(Sep 24, 2009 to Sep 25, 2009) Ven Trine MC*

This is a good time to relax together. Hard work and ambitious projects may well be put aside for now. No matter what you do together at the moment, though, it is likely to go very well.

*Sep 25, 2009 (Sep 12, 2009 to Nov 12, 2009) Jup Oppos Asc*

Significant fortuitous events and encounters are likely now. Another person or persons may come into your lives who will be an important ally or friend to you both. If you have been having difficulties of any kind (with one another or the two of you with a third party), this is an excellent time to seek counsel and assistance. Overall, however, this will not be a difficult time -quite the opposite! Good times, happiness, hopefulness, and shared good fortune of all kinds are much more likely. This is also a fine time for a wedding or any other joyful, festive, and momentous occasion.

*Sep 28, 2009 8 AM(Sep 28, 2009 to Sep 29, 2009) Sun Qucnx MC*

This could be a tense or awkward time if one of you wants to know where your relationship is headed and the other is unable to be definite. Even if you are in a very solid relationship with one another, you are still apt to be out of step with one another now. You may just be focusing on different things at the moment.

*Sep 28, 2009 7 PM(Sep 28, 2009 to Sep 29, 2009) Ven Conj Mars*

Strong feelings of attraction, love, desire, and the urge to embody your feelings for one another arise now. This is a wonderful time for lovemaking, and if your relationship is not sexually intimate you will still be strongly moved by, stimulated, and warmed by one another's presence.

*Sep 30, 2009 2 AM(Sep 30, 2009 to Oct 1, 2009) Ven Sxtil Jup*

The two of you are feeling playful and fun-loving together, so just about anything you do will be pleasant. Your good feelings are infectious and other people will want to be around you so it is a good time for company or going out together. A surprise gift from one of you to the other is likely too.

*Oct 1, 2009 11 PM(Sep 30, 2009 to Oct 2, 2009) Sun Conj Nep*

Rigid boundaries soften and may disappear altogether between the two of you. You are more psychically sensitive and compassionate toward one another. You are on a high together. If either, or both, of you has problems with alcohol, drugs, or escapism, this could be detrimental. Beware of indulging. Otherwise, let your imagination and fantasies play.

*Oct 4, 2009 3 AM(Oct 4, 2009 to Oct 5, 2009) Merc Sqr Ura*

You are drawn to the mystery or secret depths of one another now. You may discover something about your partner you only glimpsed before. This can be a revitalizing time for the two of you. Certainly it will not be a superficial encounter.

*Oct 6, 2009 8 AM(Oct 4, 2009 to Oct 8, 2009) Mars Sqr Moon*

Impatience, irritability and hot fiery emotions fly between the two of you now. You may flare up at one another on what appears to be very minor provocation. Beware of indulging this tendency. You are probably not angry for the reason you think you are, and there may be a childishness or irritability to your bickering that will embarrass you later.

*Oct 9, 2009 12 PM(Oct 8, 2009 to Oct 10, 2009) Ven Sqr Ura*

A restless mood and a yearning for something different comes over the two of you. Perhaps you will want to do something you have not done in a long time, like going roller-skating, or dancing, or to see an erotic film. If you are both open and willing to experiment, you have some exiting, even thrilling, moments.

*Oct 10, 2009 12 PM(Oct 10, 2009 to Oct 11, 2009) Ven Qucnx Moon*

A mood of laziness, contentment, and self-satisfaction makes the two of you disinclined to do much of anything that requires effort. You are pleasantly self-indulgent together. Do not schedule any couples tennis or mountain climbing!

*Oct 10, 2009 3 PM(Oct 10, 2009 to Oct 11, 2009) Sun Sxtil Asc*

An overall sense of harmony characterizes this time, and the two of you are apt to be rather gregarious and social. You will want to go out rather than stay at home together right now.

*Oct 13, 2009 4 PM(Oct 13, 2009 to Oct 14, 2009) Merc Qucnx MC*

You may notice that there is altogether too much thinking going on now. Trying to second guess one another or figure things out, the two of you may be just spinning your wheels. Be discreet now, as there is a tendency to say too much or tell something to the wrong person, which can adversely affect the two of you as a couple.

*Oct 14, 2009 6 AM(Oct 14, 2009 to Oct 15, 2009) Ven Conj Sun*

Your hearts open to one another and strong feelings of affection, warmth, and mutual appreciation make this a sweet time for the two of you. Being together puts both of you in an amorous mood. You will also be more willing than ever to cooperate and to give a little for the sake of your relationship, so even if you do not do anything special, the day runs smoothly.

*Oct 14, 2009 7 AM(Oct 14, 2009 to Oct 15, 2009) Ven Conj Merc*

Being in one another's company lightens you both up. You share good humored observations about one another and your relationship. You may discuss your personal tastes and preferences in styles, and even if these vastly differ, you are not inclined to argue or disagree. You avoid heavy or serious topics now. Visiting friends or taking a stroll through some pleasant scenery would be just right.

*Oct 14, 2009 10 AM(Oct 12, 2009 to Oct 16, 2009) Mars Sqr Ven*

One of you may feel more passionate and amorous than the other, or seem to be more interested in self-gratification than in relating sensitively and lovingly. This can lead to conflict in or out of the bedroom. If handled with care, however, romance will flourish.

*Oct 15, 2009 6 AM(Oct 13, 2009 to Oct 17, 2009) Mars Sxtil Sun*

*Oct 15, 2009 9 AM(Oct 13, 2009 to Oct 17, 2009) Mars Sxtil Merc*

This is a good time for the two of you to put your heads together and make plans. Problem-solving is favorable now. You will also want to start implementing some of your ideas; the pace of the day is active and lively.

*Oct 15, 2009 8 PM(Oct 15, 2009 to Oct 16, 2009) Merc Conj Nep*

Communication about practical, concrete matters is apt to be vague, unclear, inexact, or misunderstood. This is definitely not a time to make a major purchase or sign a lease together. On the positive side, however, you can freely express to one another your thoughts on philosophy, or your inner lives.

Make room for fantasy, poetry, wonder, and enchantment.

*Oct 16, 2009 2 PM*(Oct 16, 2009 to Oct 17, 2009) Sun Trine Ura

Excitement is in the air between you. Together you enjoy experimenting, inventing something new, varying your routine. Even if you have not been together long enough to have established a routine or set patterns, you will enjoy expressing your eccentric, impulsive, or adventurous sides with one another.

*Oct 17, 2009 10 AM*(Oct 16, 2009 to Oct 18, 2009) Merc Sxtil Sat

This is a good time to air your concerns or minor grievances with one another, or to talk about changes you would like to make to improve your relationship. How money is spent, who pays for what, how much time you want to devote to being together, changing living arrangements, or other practical matters are likely to be emphasized now.

*Oct 17, 2009 7 PM*(Oct 16, 2009 to Oct 18, 2009) Sun Oppos Moon

Whatever happens today serves to highlight the state of emotional affairs in your relationship. If you have been connecting deeply, if you both feel supported and close to one another, this intimacy is especially satisfying to you now. If not, tension over unspoken and unmet needs will arise. One of you is apt to feel more needy, dependent, or hungry for tenderness or understanding. Make attending to one another a priority.

*Oct 18, 2009 9 AM*(Oct 18, 2009 to Oct 19, 2009) Merc Sxtil Plu

The two of you play spy, detective, private investigator. You may find something lost, inadvertently uncover a secret, or get some inside information. A friend comes to you with a problem that requires discretion.

*Oct 19, 2009 5 AM*(Oct 18, 2009 to Oct 20, 2009) Ven Qucnx MC

Work or financial concerns may interfere with pleasure and you may not be able to spend as much time together as you would like to. Although this can be a frustrating, minor sacrifices now seem to be called for.

*Oct 20, 2009 10 PM*(Oct 20, 2009 to Oct 21, 2009) Merc Sxtil Asc

Even if the two of you want to be alone together now, you probably will not be. For some reason, the two of you evoke others' curiosity or friendly interest. This is a good time for a round table discussion, a block party, or some other group event you attend as a couple.

*Oct 22, 2009 1 AM*(Oct 22, 2009 to Oct 23, 2009) Sun Conj Ven

The affection and attraction you feel for one another is very strong now. You see the beauty in one another's presence. If you spend time together, do not expect to get much work done. This is a time for love, pleasure, romance, or relaxation as a couple. You can make this one of those "very special occasions". If your relationship is rocky at present, this can be a time of peaceably reconciling matters, or at least a truce.

*Oct 22, 2009 2 AM(Oct 22, 2009 to Oct 23, 2009) Ven Conj Nep*

You can see the "angel" or soul of one another now, and your hearts open to each other in sympathy, compassion, or spiritual appreciation. The feeling between you is tender and sweet, not particularly passionate or earthy. Nevertheless, a romantic atmosphere - candles, music, pleasurable scents can lead to enchanting evenings.

*Oct 24, 2009 (Oct 15, 2009 to Nov 2, 2009) Sat Conj Sun*

This is a very important period in which your relationship will be tested to see if there is really a basis for an enduring bond between you. It is a serious time, perhaps a time of struggling with what is imperfect or difficult or unfulfilling between you. One question you may be asking yourselves is: how does being with this person really fit in with my long-term goals for my life? Concerns about permanence, security, and commitment emerge.

Whatever weaknesses there are in your relationship become clearer, but this can ultimately strengthen your bond if you address them. Try to avoid any sort of heavy-handedness or blame, and take full responsibility for your part in whatever unhappiness exists. If your connection withstands the pressures of this time, it probably has something of real value and merit to it.

*Oct 24, 2009 4 AM(Oct 24, 2009 to Oct 25, 2009) Ven Sxtil Sat*

You get an opportunity to show loyalty, dependability, and that you want to be there for one another in foul weather as well as fair. It may seem like not much is happening, a humdrum kind of time. Can you enjoy each other even when there are no fireworks?

*Oct 24, 2009 9 AM(Oct 24, 2009 to Oct 25, 2009) Merc Trine Ura*

The tone is brisk, and intellectually stimulating. Lots of fresh, original ideas are flowing between you now, and you may want to write down some of these inspirations for later evaluation.

*Oct 24, 2009 (Oct 15, 2009 to Nov 2, 2009) Sat Conj Merc*

You may find that you are less willing to express yourselves with one another, are more fearful of criticism and judgment, or somehow unable to articulate what you really think and feel. Heavy thoughts, and perhaps talk of separation, or distancing yourselves for a time, may emerge from this frustration. You also tend to dwell on problems when you are together, reinforcing one another's worries. On the other hand, these may be real problems you have to discuss and find solutions for.

In any case, try to remember to keep a sense of humor and a sense of perspective - it is probably not as bad as you think.

*Oct 25, 2009 2 AM(Oct 24, 2009 to Oct 26, 2009) Merc Oppos Moon*

The two of you are nostalgic and in a sentimental frame of mind. Talking about your families, memories, hometowns, perhaps showing one another your photo albums or music collection can create a bond between you. If there are unresolved issues from your past together, these matters are likely to come up again -even if you think you have said and heard it all before.

*Oct 25, 2009 12 PM(Oct 24, 2009 to Oct 26, 2009) Ven Sxtil Plu*

There is a magical attractiveness or feeling of "fate" between the two of you now. Lovemaking or any exchange between you is intense and potentially rejuvenating for your relationship.

*Oct 27, 2009 3 PM(Oct 27, 2009 to Oct 28, 2009) Merc Conj Ven*

The two of you talk and think about what you like, love, appreciate, and enjoy in one another. This is the time to let your romantic or heartfelt emotions be expressed, especially in words. Send a card, a love note, or poem.

*Oct 28, 2009 1 AM(Oct 25, 2009 to Oct 30, 2009) Mars Sqr MC*

There is a spirit of contention and disagreement between the two of you at this time. Perhaps you do not disagree so much on where you want to go, as on who will be in the driver's seat, so to speak. Minor accidents can occur at this time, especially if you allow tension to escalate. You will need to work harder than usual to appreciate the other's right to be as they are, and to hold a different opinion from your own.

*Oct 28, 2009 3 PM(Oct 28, 2009 to Oct 29, 2009) Sun Oppos MC*

The focus is on your roots, foundations, origins, heritage, domesticity, sharing your inner lives and private worlds with one another. This can be a very intimate time. If you live together, home improvements or creating something special in your living space is emphasized.

*Oct 28, 2009 10 PM(Oct 28, 2009 to Oct 29, 2009) Ven Sxtil Asc*

Both your friendships and your romance blossom now. You are getting along splendidly, and whatever you do together should work out very well.

*Oct 30, 2009 (Sep 12, 2009 to Nov 12, 2009) Jup Oppos Asc*

Significant fortuitous events and encounters are likely now. Another person or persons may come into your lives who will be an important ally or friend to you both. If you have been having difficulties of any kind (with one another or the two of you with a third party), this is an excellent time to seek counsel and assistance. Overall, however, this will not be a difficult time -quite the opposite! Good times, happiness, hopefulness, and shared good fortune of all kinds are much more likely. This is also a fine time for a wedding or any other joyful, festive, and momentous occasion.

*Oct 31, 2009 1 PM(Oct 30, 2009 to Nov 1, 2009) Merc Oppos MC*

Domestic concerns and discussions about home, family members, or your past history arise now. If you share a dwelling, you may decide to make some changes in the arrangements, organize the space differently, and generally put everything in order there.

*Nov 2, 2009 10 AM(Nov 1, 2009 to Nov 3, 2009) Sun Sxtil Mars*

You can accomplish a lot together right now. Hard work or strenuous physical play is favored. Being together puts both of you in a self-assertive mood, but not so much that you run over each other's desires or feelings. Actually you will be a strong force together at this time.

*Nov 2, 2009 3 PM(Nov 1, 2009 to Nov 3, 2009) Ven Trine Ura*

Spontaneous playfulness, singing, dancing, or lovemaking adds zest to your time together. Music and movement open you up. Your rhythms are in harmony.

*Nov 3, 2009 11 AM(Nov 3, 2009 to Nov 4, 2009) Merc Sxtil Mars*

This is a good time to plan a joint work project, or to do something together that requires both brain and muscle. You are an effective team right now.

*Nov 3, 2009 3 PM(Nov 3, 2009 to Nov 4, 2009) Ven Oppos Moon*

Your hearts soften and melt toward one another now. Any hurt feelings you have harbored can be let go of now, and memories of your good times together sweeten the present. It is a time to remember what you liked and loved about one another to begin with, and to appreciate one another again. You want comfort, closeness, and tenderness more than passion from each other right now.

*Nov 3, 2009 8 PM(Nov 3, 2009 to Nov 4, 2009) Sun Sqr Sat*

This is a time when the demands, needs, or desires of one of you can feel restrictive or like too much of a sacrifice of personal time and energy to the other. A withdrawal, temporary separation, or reordering of priorities is likely. Beware of becoming paternalistic, burdening one another, or having expectations of one another that are not mutually agreed upon.

*Nov 4, 2009 12 AM(Nov 3, 2009 to Nov 5, 2009) Sun Conj Jup*

Hope and optimism permeates your relationship at this time. You see what is good about being together, as well as where your relationship is headed and what the possibilities are. If you have not been getting along well, this is a time to bury the hatchet and start over again. Tolerance, generosity, and forgiveness flow more easily, and you are more concerned with your future rather than your past. This is a time to make plans, and perhaps set some long-range goals for yourselves. You also may want to do something expansive and freeing, like taking a trip or

doing something you have never done before as a couple.

*Nov 4, 2009 8 AM(Nov 3, 2009 to Nov 5, 2009) Merc Sqr Sat*

This can be a frustrating and very unsatisfying time, as far as communicating with one another goes. You can totally misread or misunderstand one another. You may be disinterested, threatened, or resistant to what the other person is saying, or dislike how they are saying it.

Positively, you could work to solve some difficult problem or engage in some tedious but necessary task together.

*Nov 4, 2009 10 AM(Nov 3, 2009 to Nov 5, 2009) Merc Conj Jup*

At this time your conversations will turn philosophical and/or futuristic. Optimistic plans and possibilities are featured. This is a wonderful time to travel together, especially to faraway or exotic places. This is also a good time to find out if your partner believes the two of you have a future together.

*Nov 5, 2009 7 AM(Nov 2, 2009 to Nov 7, 2009) Mars Sxtil Nep*

There is a touch of the fantastic, magical or mystical in the atmosphere between you now. This is a good time to visit Disney World or watch your favorite fantasy movie together. Creative and artistic energies are activated also; you may want to paint, sculpt, write or create music together.

*Nov 5, 2009 8 AM(Nov 5, 2009 to Nov 6, 2009) Merc Sqr Plu*

This is a time to have a conversation about something you have both avoided in the past. One of you may confront the other with unsuspected grievances, acute but unwelcome observations, or some problem that has been brewing for some time. Even if somewhat difficult or heavy, your interaction can deepen your understanding and knowledge of one another tremendously.

*Nov 5, 2009 11 AM(Nov 5, 2009 to Nov 6, 2009) Sun Sqr Plu*

There may be a "heavy" or intense encounter between the two of you at this time, or between the both of you and someone or something in your environment. You may see clearly something which has been operating subliminally or beneath the surface in your relationship. On a very practical, material level there may be breakdowns of machinery, or of something else that has been needing repair for some time.

*Nov 7, 2009 12 AM(Nov 6, 2009 to Nov 7, 2009) Ven Conj Ven*

This is your own personal valentine's day, a time to celebrate your love, join in love, revel in love. If the two of you have been together for some time, it can be a day of renewing your love for each other and beginning again. But if the two of you do not feel romantic or affectionate towards one another now, it is unlikely that amour will ever flourish between you.

*Nov 8, 2009 12 AM(Nov 7, 2009 to Nov 8, 2009) Merc Sqr Asc*

Discussions or negotiations between you encounter a bit of friction. Beware of the tendency to overanalyze, over intellectualize, or over scrutinize one another or your situation.

Take a deep breath or two before you speak (to one another, or on behalf of one another) as you are apt to say more than you need to.

*Nov 9, 2009 6 PM(Nov 9, 2009 to Nov 10, 2009) Sun Sqr Asc*

Some minor friction is likely now; one or the other of you could be inadvertently selfish or hold on to an ego position. As long as this is not a persistent pattern, not much harm is likely to be done.

*Nov 11, 2009 5 PM(Nov 11, 2009 to Nov 12, 2009) Merc Qucnx Ura*

If you spend time together now, expect some moments of tension or nerve-wracking little "surprises". Flexibility, tolerance, and a sense of humor is the best medicine right now.

*Nov 12, 2009 12 AM(Nov 9, 2009 to Nov 14, 2009) Mars Conj Sat*

This is a time to work out a problem or to face difficult tasks together. You will have an opportunity to experience how the other handles trouble, inconvenience, or frustration. Beware of the tendency to blame or see the other as intentionally annoying you.

*Nov 12, 2009 6 AM(Nov 11, 2009 to Nov 13, 2009) Ven Oppos MC*

Spending quiet time at home together will be full of sweet and fulfilling moments. If you share a living space, take time to create a romantic atmosphere. You may also wish to make your home more comfortable, beautiful, harmonious and appealing.

*Nov 12, 2009 11 AM(Nov 11, 2009 to Nov 13, 2009) Merc Qucnx Moon*

There is a rather edgy, restless quality between you now. It would be wise to watch what you say to or about one another, also, because you may reveal something too private or betray a confidence.

*Nov 12, 2009 12 PM(Nov 9, 2009 to Nov 15, 2009) Mars Sqr Jup*

The two of you may be over-estimating yourselves, over reacting, or tempted to take on a bigger challenge than you are actually prepared for. You tend to be "full of yourselves". Beware of becoming sloppy or thinking the law somehow does not apply to you.

*Nov 15, 2009 10 AM(Nov 15, 2009 to Nov 16, 2009) Merc Sxtil Sun*

There is a good flow of ideas and conversation now, and you certainly will not be bored as being in one

another's presence stimulates you intellectually and mentally. The emphasis is on curiosity, exchanging thoughts, clarity, and understanding.

*Nov 15, 2009 11 AM(Nov 15, 2009 to Nov 16, 2009) Merc Sxtil Merc*

There is mental and intellectual compatibility between you now. Even if you usually disagree on any number of topics, you will find areas of harmony and agreement. Thus it is a good time for discussion, or just being together. Friends come into the picture as well.

*Nov 15, 2009 2 PM(Nov 15, 2009 to Nov 16, 2009) Sun Qucnx Ura*

Right now expect minor upsets, an unavoidable change for "something different" which only one of you is interested in. All of this may be rather subtle, but tension-producing nonetheless. Laughter is good medicine in times like these.

*Nov 16, 2009 1 AM(Nov 15, 2009 to Nov 17, 2009) Ven Sxtil Mars*

You are attuned to one another romantically and sexually, and you seem to know just what would please and delight one another. Even if you are not lovers, there is a flow of warmth and pleasure between you so that you enjoy being together.

*Nov 16, 2009 1 PM(Nov 13, 2009 to Nov 19, 2009) Mars Conj Plu*

Any suppressed feelings of resentment or anger which you harbor toward one another will surface in some way at this time. If the two of you have an imbalance of power in your relationship (for instance one of you is always calling the shots or is in control of important decisions while the other acquiesces or allows it), an intense ego conflict could erupt. Even if the two of you are well-balanced and usually harmonious, a spirit of strong willed determination or possibly competition is apt to arise. Beware of any kind of coercion or of being too demanding and hard on one another.

*Nov 16, 2009 7 PM(Nov 15, 2009 to Nov 17, 2009) Sun Qucnx Moon*

Work, your individual goals and involvements, or a desire for some private time away from one another may be at odds with nurturing the relationship. One of you may feel shortchanged. Unless this is a persistent problem, it is best to just grin and bear it.

*Nov 17, 2009 4 AM(Nov 17, 2009 to Nov 18, 2009) Ven Sqr Sat*

You may be having some serious reservations about this relationship right now, perhaps because you are focusing on the lacks, flaws and least pleasing aspects of one another. Your mutual fears, insecurities and barriers to love and intimacy are up right now. Although unpleasant, it would be wise to take responsibility for your unhappiness rather than conveniently blaming the other. Temporarily pulling back and having some solitude may not be a bad idea.

*Nov 17, 2009 8 AM(Nov 17, 2009 to Nov 18, 2009) Ven Conj Jup*

Optimism, good humor, and big heartedness set the tone now. This is a time for gift-giving or buying something beautiful that the two of you will share. However, you bring out any inclinations toward extravagance and excess that either of you has, and you could spend too much or in some other way overdo a good thing. You will want to dress up and go to a party, put on some festive event yourself, or go out to the poshest place you know.

*Nov 18, 2009 11 AM(Nov 17, 2009 to Nov 19, 2009) Ven Sqr Plu*

Forces within both of you which sabotage the closeness you could be experiencing come to the fore. You may touch upon some long standing or "hidden" problems which you have tried to ignore. If one or the other feels dominated or controlled, unloved or unappreciated - all of this may come up now. Passions and deep feelings of all kinds are intensified between you now.

*Nov 19, 2009 9 AM(Nov 19, 2009 to Nov 20, 2009) Merc Qucnx MC*

You may notice that there is altogether too much thinking going on now. Trying to second guess one another or figure things out, the two of you may be just spinning your wheels. Be discreet now, as there is a tendency to say too much or tell something to the wrong person, which can adversely affect the two of you as a couple.

*Nov 21, 2009 9 AM(Nov 21, 2009 to Nov 22, 2009) Sun Sxtil Sun*

This is a good time for the two of you to be social together. Accept invitations, or extend them, join friends, neighbors or other groups you enjoy. If you are working together on a project, that too will go well. Cooperation and mutual encouragement are the tone of this time period.

*Nov 21, 2009 11 AM(Nov 21, 2009 to Nov 22, 2009) Sun Sxtil Merc*

If the two of you need to attend to any business matters, commercial negotiations, or joint projects, this is a good time. Communications are favored.

*Nov 21, 2009 5 PM(Nov 21, 2009 to Nov 22, 2009) Merc Sxtil Nep*

Being with one another now makes you both more open and sensitive to the nonrational, mysterious, supernatural, or miraculous aspects of life. Your psychic rapport with one another is heightened; amazing coincidences, or telepathic knowledge of one another is very likely. This is a good time to visit the ocean, lakeside, or your favorite contemplative spot together.

*Nov 21, 2009 9 PM(Nov 21, 2009 to Nov 22, 2009) Ven Sqr Asc*

The urge to please and cooperate, as well as genuine affection for one another, make this a harmonious time for the two of you. You charm one another and simply enjoy one another's company at the moment.

*Nov 22, 2009 11 AM(Nov 21, 2009 to Nov 23, 2009) Merc Sqr Mars*

Nerves are edgy and tempers flare. You may feel inordinately irritated by the opinions and ideas expressed by your partner. What seems atrocious now, however, may well seem not worth fighting about later.

A hot game of tennis or some other one-on-one sport would be fine, as long as you leave the game behind when it is over. Apologize immediately for any rudeness toward one another.

*Nov 23, 2009 10 AM(Nov 23, 2009 to Nov 24, 2009) Merc Trine Sat*

Topics under discussion now: money, investments, material security, practical realities and limitations and how they figure in to mutual wishes and desires. If your relationship is fairly new, keep your eyes and ears open to discover how the other person deals with or avoids adult responsibility.

*Nov 24, 2009 11 AM(Nov 23, 2009 to Nov 25, 2009) Merc Trine Plu*

If one or the other of you has been wanting to divulge a secret, bring up a grievance, or discuss something difficult, now is the time. Conversation is intense, revealing, and profound.

For entertainment the two of you will go for something intense - perhaps a psychological suspense thriller or an old Alfred Hitchcock film!

*Nov 26, 2009 2 PM(Nov 25, 2009 to Nov 27, 2009) Ven Qucnx Ura*

Expect minor disruptions, a sudden change of heart about something you both wanted previously, an overture that comes at the wrong time. Though relatively trivial, these things can make for some unsettled moments between you.

*Nov 27, 2009 7 AM(Nov 27, 2009 to Nov 28, 2009) Merc Trine Asc*

Communication flows easily. Any negotiations or joint business dealings you are involved in also proceed well. Pay attention! You will be getting some pertinent information from or about one another right now.

*Nov 27, 2009 11 AM(Nov 27, 2009 to Nov 28, 2009) Sun Qucnx MC*

This could be a tense or awkward time if one of you wants to know where your relationship is headed and the other is unable to be definite. Even if you are in a very solid relationship with one another, you are still apt to be out of step with one another now. You may just be focusing on different things at the moment.

*Nov 27, 2009 1 PM(Nov 27, 2009 to Nov 28, 2009) Ven Qucnx Moon*

A mood of laziness, contentment, and self-satisfaction makes the two of you disinclined to do much of anything that requires effort. You are pleasantly self-indulgent together. Do not schedule any couples tennis or mountain climbing!

*Nov 30, 2009 11 PM(Nov 29, 2009 to Dec 1, 2009) Sun Sxtil Nep*

You are in a mellow and whimsical mood. This is a good time to listen to music together, go see a film, go to the theater, paint your bathroom lavender, give one another a relaxing massage, or share your dreams or fantasies with one another.

*Dec 1, 2009 4 AM(Dec 1, 2009 to Dec 2, 2009) Merc Oppos Ura*

There is a kind of electric, high-speed, erratic energy in the atmosphere between you. You may suddenly know what the other person is about to say - and interject something before they have a chance to say it. Avoid interrupting one another or jumping to conclusions too quickly.

*Dec 1, 2009 6 AM(Dec 1, 2009 to Dec 2, 2009) Ven Sxtil Sun*

You are feeling sociable and festive together now. Spend time with people you enjoy or attend a cultural event together. In general, you are getting along beautifully now.

*Dec 1, 2009 7 AM(Dec 1, 2009 to Dec 2, 2009) Ven Sxtil Merc*

You are in a lighthearted social mood together. Meeting with friends, or perhaps going out to the theater or anywhere you can contract pleasantly with other people is favored. Overall, the energy between you is agreeable, friendly and good humored.

*Dec 2, 2009 12 AM(Dec 1, 2009 to Dec 2, 2009) Merc Trine Moon*

You may want to visit "the old stamping grounds", go see family, or some way revisit the past together. There is a wonderful flow of understanding and sympathetic rapport between you; words may not be necessary.

*Dec 2, 2009 1 AM(Nov 27, 2009 to Dec 7, 2009) Mars Conj Asc*

Self-assertion and a fighting spirit color your interactions; it would be wise to give one another a wide berth now. You are apt to be testy with each other, not readily cooperative or conciliatory. Above all, don't stand in each other's way now. Passions are hot. Your relationship will be steamy or stormy - or both.

*Dec 2, 2009 4 AM(Dec 1, 2009 to Dec 3, 2009) Sun Sqr Mars*

You aggravate one another for no particular reason, and conflicts may erupt over rather minor issues. This is especially true if one or the other has the tendency to dominate or try to tell the other what to do or how to do it. Pushiness will back fire now. As long as the two of you are not cooped up together -say on a long car ride or in a small office space - battles can be avoided, if you give one another plenty of breathing room.

*Dec 3, 2009 2 PM(Dec 3, 2009 to Dec 4, 2009) Sun Trine Sat*

This is a good time for the two of you to undertake something that involves delaying gratification for some mutual long-range goal, perhaps making a joint financial investment or, if your relationship is new, getting to know one another by doing something very ordinary and mundane, like helping one another with chores or errands. An atmosphere of trustworthiness and stability is created between you.

*Dec 4, 2009 8 PM(Dec 4, 2009 to Dec 5, 2009) Merc Sxtil Ven*

This is a pleasant, lighthearted time. Save the heavy subjects or deep emotional discussions for another day. Socializing, visiting friends, going shopping for fun, or some other bit of frivolity would be just right.

*Dec 5, 2009 3 AM(Dec 5, 2009 to Dec 6, 2009) Merc Sqr Sun*

There is a sort of busy, quick, restless quality in the atmosphere between you now, and you could even get on one another's nerves a bit. Or, it could be mentally stimulating and fun, if a bit frenetic. It is not the best time to bring up a touchy subject, however, as you have a tendency to overstate yourselves or blurt out something you might regret.

*Dec 5, 2009 4 AM(Dec 5, 2009 to Dec 6, 2009) Merc Sqr Merc*

Your communication with each other takes on the quality of a ping-pong match: quick, lively, but not necessarily purposeful. You may spat about trivial matters, or go on and on about very little.

You may enjoy word games, playing cards, or similar activities now. Intellectual and mental energies are stimulated.

*Dec 5, 2009 4 AM(Dec 5, 2009 to Dec 6, 2009) Sun Trine Plu*

An intensification of your relationship occurs now, and whether this is pleasurable or not you will certainly not be relating to one another superficially. Beware of the tendency to try to re-make or change your partner in some significant way. Your interaction can be quite revitalizing, even transforming, for the both of you as long as neither is forcing his or her will upon the other.

*Dec 6, 2009 3 AM(Dec 5, 2009 to Dec 7, 2009) Ven Qucnx MC*

Work or financial concerns may interfere with pleasure and you may not be able to spend as much time together as you would like to. Although this can be a frustrating, minor sacrifices now seem to be called for.

*Dec 8, 2009 11 PM(Dec 8, 2009 to Dec 9, 2009) Ven Sxtil Nep*

The emotional and energetic boundaries between the two of you soften, and you merge much more easily now. You are likely to be more understanding, forgiving, compassionate toward one another. Gestures like flowers, or an unselfish offer to relieve the other's burden in some way will be gladly accepted.

*Dec 9, 2009 8 AM(Dec 9, 2009 to Dec 10, 2009) Merc Trine MC*

This is a good time to gather information about joint projects and plans, and to make contacts. Any business dealings or legal matters that involve both of you go well now, also.

*Dec 9, 2009 10 AM(Dec 9, 2009 to Dec 10, 2009) Sun Trine Asc*

This is a "green light" period for the two of you, and together you can do just about anything you want. You vitalize one another's playful and spirited qualities. You may feel like showing off a bit, as a twosome.

*Dec 9, 2009 10 PM(Dec 9, 2009 to Dec 10, 2009) Ven Sqr Mars*

Tensions in the sexual aspect of your relationship - perhaps due to differing interests, desires, preferences, or love styles - can cause some friction now. Most likely one of you is more ready than the other. Trying to balance the satisfaction of your own desires versus pleasing your partner is at issue here.

*Dec 11, 2009 1 AM(Dec 11, 2009 to Dec 12, 2009) Ven Trine Sat*

Things are on an even keel between you right now. Though not necessarily wildly exciting or the stuff dreams are made of (unless you have some other astrological influence operating), being with one another is comforting, reassuring, stabilizing. Quiet pastimes are favored.

*Dec 11, 2009 10 PM(Dec 11, 2009 to Dec 12, 2009) Merc Sqr Nep*

Talking to one another now is apt to be confusing, bewildering, or just plain strange. It is likely that one or the other of you will entirely forget crucial pieces of information -or the entire conversation! Concrete plans are apt to go awry, for reasons unclear or unknown. Obviously this is not the time to make serious decisions, or to buy something you will both have to live with for some time to come. This is a fine time, however, to dream and imagine together, or to immerse yourselves in some fantasy - the theater or a film perhaps.

*Dec 12, 2009 8 AM(Dec 11, 2009 to Dec 13, 2009) Ven Trine Plu*

The two of you can experience the magical, transforming power of love, if you are willing to really be vulnerable and open with one another now. Sexual and emotional healing through deep contact, deep acceptance, and your love for one another can occur. Share the longings you have had, the secret wishes and desires, and the losses you still carry. Superficial relating is not on the agenda now.

*Dec 12, 2009 8 PM(Dec 12, 2009 to Dec 13, 2009) Merc Trine Mars*

This is a good time to bring up something that may be difficult for you to talk about, and to state your point of view clearly and unambiguously. Expect a bit of intellectual bantering as well.

*Dec 13, 2009 10 PM(Dec 13, 2009 to Dec 14, 2009) Merc Qucnx Sat*

You tend to miss one another's messages right now, both literally and figuratively. Beware of blaming one

another for simple human error.

*Dec 14, 2009 1 AM(Dec 13, 2009 to Dec 15, 2009) Merc Sxtil Jup*

Talk turns to philosophical speculations, dreams for the future, and mutual aspirations. You help one another to see the big picture right now so petty immediate problems do not seem so important. This is a good time to see a comedy and to share humor.

*Dec 15, 2009 4 AM(Dec 15, 2009 to Dec 16, 2009) Sun Oppos Ura*

Restlessness, impatience, sudden changes of plans, or an unexpected event colors your relationship now. You are likely to throw caution to the wind and act impulsively together. If one or both of you is innately very cautious, it may be uncomfortable for you to be in one another's presence now.

*Dec 15, 2009 5 AM(Dec 15, 2009 to Dec 16, 2009) Merc Qucnx Plu*

What begins as an innocent discussion, may bring some painful topic to the surface. Avoid the tendency to try to subtly coerce one another into believing, seeing, or understanding things as the other does. While no overt argument may occur, below-the-surface tension can create an uneasy feeling.

*Dec 15, 2009 6 PM(Dec 15, 2009 to Dec 16, 2009) Ven Trine Asc*

Harmony, ease, and a desire to cooperate set the tone. You put one another in an agreeable and affectionate mood, and anything you do together works out well.

*Dec 16, 2009 9 AM(Dec 15, 2009 to Dec 17, 2009) Sun Trine Moon*

Unless other, stronger astrological energies are at play now in your relationship, this is a time of ease, well-being, and peace between you. If tensions or problems have dominated as of late, this will be a brief respite and a chance to reach some understanding.

*Dec 16, 2009 (Dec 11, 2009 to Dec 22, 2009) Jup Trine Ura*

As a couple, you are more attuned at this time to the larger order or pattern in the universe. You may find unusual coincidences and synchronicities increasing, and have a sense of everything unfolding magically and perfectly around you. Any change you may have wanted to make occurs more easily, with less struggle or resistance now.

*Dec 19, 2009 12 AM(Dec 19, 2009 to Dec 20, 2009) Merc Qucnx Asc*

There is a tendency to say too much, run on about nothing, or say the wrong thing. While not a catastrophe, be gracious and apologize for your faux pas. You tend to get on one another's nerves a bit.

*Dec 20, 2009 10 AM(Dec 19, 2009 to Dec 21, 2009) Ven Oppos Ura*

Impulsiveness, a need for sexual freedom, and a new awakening to love are themes now. If things have become dull and routine between you this will be a time for that to change. One or both of you wants to shake things up.

*Dec 20, 2009 1 PM(Dec 19, 2009 to Dec 21, 2009) Sun Sxtil Ven*

Conviviality is featured now. This is a great time to spend just relaxing or having fun together, and you will want to include other friends or loved ones as well.

Affection flows freely. This is also a favorable time to work out differences or difficulties you have been having, as a spirit of cooperation permeates your interactions with one another at present.

*Dec 20, 2009 11 PM(Dec 19, 2009 to Dec 21, 2009) Sun Sqr Sun*

Even if your relationship is basically sound, a challenge or crisis is apt to occur around this time. Your basic differences come out now, and can cause a sense of separateness or conflict. If you are harmonious most of the time, this will be relatively minor.

*Dec 21, 2009 12 AM(Dec 21, 2009 to Dec 22, 2009) Sun Sqr Merc*

Expect lively conversation, which can lead to bickering or arguing for the sake of an argument. You may get on one another's nerves a bit, or simply be unreceptive to what the other person is trying to convey. A short trip will be fun as long as you do not disagree on who should do the driving.

*Dec 21, 2009 9 AM(Dec 21, 2009 to Dec 22, 2009) Ven Trine Moon*

You make sweet music together now. Emotional understanding, harmony, and cooperation flow between you, and anything you do together will work out splendidly. Parties and all sorts of festive events are favored, especially if they happen at home.

*Dec 23, 2009 (Dec 18, 2009 to Dec 28, 2009) Jup Sxtil Moon*

While not particularly remarkable, this is a favorable time for the two of you. A feeling of everything's-going-to-be-alright and let's-just-have-a-good-time pervades the atmosphere between you. You enjoy the company of other people, family members are helpful and supportive, and what you need seems to arrive just when you need it. Laughter and humor in one another's presence can ease any difficulties you may be having in your individual lives. Your relationship is a source of comfort now.

*Dec 24, 2009 6 PM(Dec 23, 2009 to Dec 25, 2009) Ven Sxtil Ven*

You are unusually friendly, open, and agreeable as a couple now. Social gatherings, meeting people, and joining with friends or would-be friends are favored. The feelings between the two of you are sweet as well.

*Dec 25, 2009 2 AM(Dec 25, 2009 to Dec 26, 2009) Ven Sqr Sun*

This is a time of lighthearted pleasure and you encourage one another to relax, feel good, maybe a bit self-indulgent. Romance flourishes.

*Dec 25, 2009 3 AM(Dec 25, 2009 to Dec 26, 2009) Ven Sqr Merc*

You seek out amusement or entertainment that is just fun and which does not demand much of you intellectually or emotionally. You also enjoy flirting or teasing one another in a friendly way. Some of these "jokes" or playful remarks contain quite a bit of truth about your thoughts and feelings towards each other, but you sweeten them with humor and affection.

*Dec 26, 2009 11 PM(Dec 25, 2009 to Dec 27, 2009) Sun Trine MC*

This is a time for clarifying or affirming your mutual long-range goals and the direction you see yourselves headed together. Happy and useful plans can be made now.

*Dec 29, 2009 11 PM(Dec 29, 2009 to Dec 30, 2009) Ven Trine MC*

This is a good time to relax together. Hard work and ambitious projects may well be put aside for now. No matter what you do together at the moment, though, it is likely to go very well.

*Dec 30, 2009 11 AM(Dec 29, 2009 to Dec 31, 2009) Sun Sqr Nep*

Do all you can to avoid confusion, ambivalence, vagueness, or misunderstanding between you right now. At the same time, try to be forgiving of one another for lapses or mix-ups which do occur. The atmosphere between you is temporarily foggy and uncertain.

*Dec 31, 2009 4 PM(Dec 31, 2009 to Jan 1, 2010) Sun Trine Mars*

You energize and invigorate one another, and you are a "dynamic duo" right now. Confidence and a positive spirit runs high in one another's presence. Joint work projects are favored, as is any vigorous play.

*Jan 1, 2010 7 PM(Dec 31, 2009 to Jan 2, 2010) Ven Sqr Nep*

You are probably not seeing one another very realistically right now - nor do you want to. Erotic imagination, fantasy, and your wishes for love color your perceptions of one another and your relationship. If your partner does not fulfill your dreams or even have any interest in them, you may well be disenchanted.

*Jan 2, 2010 12 AM(Jan 2, 2010 to Jan 3, 2010) Merc Qucnx Asc*

This astrological influence (Merc Qucnx Asc) also occurred on Dec 19, 2009 (peak date). Please refer to this date.

*Jan 2, 2010 1 AM(Jan 2, 2010 to Jan 3, 2010) Sun Qucnx Sat*

Frustration, doubts, or feeling rather disconnected from one another colors this time period. Small problems may seem more serious than they are, and issues that do not have immediate, clear solutions may arise. Forbearance, patience, and a gentle approach are called for.

*Jan 2, 2010 6 AM(Jan 2, 2010 to Jan 3, 2010) Sun Sxtil Jup*

Expect a stroke of good fortune - such as being supplied with tickets to a concert that was sold out months ago, being offered an opportunity from someone you both respect, or having a bid accepted on a joint purchase you both want very much. This is also a good time for the two of you to circulate, attend social or cultural events, and be with people.

*Jan 2, 2010 6 PM(Jan 2, 2010 to Jan 3, 2010) Ven Trine Mars*

Currents of warmth and magnetic attraction are flowing between you, and you respond lovingly and passionately to one another. Creativity is inspired, too, and you can make something or design something beautiful together. This is a wonderful time just to enjoy one another's presence.

*Jan 3, 2010 3 PM(Jan 2, 2010 to Jan 4, 2010) Sun Qucnx Plu*

A rather uncomfortable awareness of unavoidable changes, loss, or death comes in at this time. "Hints" or indications that some change in attitude is needed should not be ignored. Stubborn willfulness on either of your parts can create tension between you now, or lay a foundation for future troubles.

*Jan 3, 2010 9 PM(Jan 3, 2010 to Jan 4, 2010) Ven Qucnx Sat*

You have difficulty connecting to one another right now, and either or both of you may want to separate or temporarily withdraw from the relationship. Fortunately this is apt to be short-lived if your relationship is essentially good. Use this time to clue yourselves in to what could be improved in your ways of relating to one another.

*Jan 4, 2010 1 AM(Jan 4, 2010 to Jan 5, 2010) Ven Sxtil Jup*

The two of you are feeling playful and fun-loving together, so just about anything you do will be pleasant. Your good feelings are infectious and other people will want to be around you so it is a good time for company or going out together. A surprise gift from one of you to the other is likely too.

*Jan 5, 2010 4 AM(Jan 4, 2010 to Jan 6, 2010) Ven Qucnx Plu*

Issues of power and control arise between you. Any unspoken "bargains" you have made with each other which disempowers one or both of you in order to please the other, may be up for change. Unreasonable fears of loss, or jealousy could also emerge.

*Jan 5, 2010 7 AM(Jan 4, 2010 to Jan 6, 2010) Merc Qucnx Plu*

What begins as an innocent discussion, may bring some painful topic to the surface. Avoid the tendency to try to subtly coerce one another into believing, seeing, or understanding things as the other does. While no overt argument may occur, below-the-surface tension can create an uneasy feeling.

*Jan 6, 2010 (Nov 18, 2009 to Feb 3, 2010) Nep Sxtil Moon*

At this time there is an unusual degree of sensitivity, sympathy, and resonance between the two of you. You are more willing to be selfless and may be called upon to assist each other in some way.

*Jan 6, 2010 9 AM(Jan 6, 2010 to Jan 7, 2010) Merc Sxtil Jup*

Talk turns to philosophical speculations, dreams for the future, and mutual aspirations. You help one another to see the big picture right now so petty immediate problems do not seem so important. This is a good time to see a comedy and to share humor.

*Jan 6, 2010 1 PM(Jan 6, 2010 to Jan 7, 2010) Merc Qucnx Sat*

You tend to miss one another's messages right now, both literally and figuratively. Beware of blaming one another for simple human error.

*Jan 6, 2010 6 PM(Jan 1, 2010 to Jan 10, 2010) Mars Conj Asc*

Self-assertion and a fighting spirit color your interactions; it would be wise to give one another a wide berth now. You are apt to be testy with each other, not readily cooperative or conciliatory. Above all, don't stand in each other's way now. Passions are hot. Your relationship will be steamy or stormy - or both.

*Jan 7, 2010 4 PM(Jan 6, 2010 to Jan 8, 2010) Merc Trine Mars*

This is a good time to bring up something that may be difficult for you to talk about, and to state your point of view clearly and unambiguously. Expect a bit of intellectual bantering as well.

*Jan 7, 2010 9 PM(Jan 6, 2010 to Jan 8, 2010) Sun Qucnx Asc*

There is some subtle awkwardness between you now - nothing terrible, just a feeling of being out of step with one another. You could spend half of a day trying to decide upon a mutually satisfactory course of action. Humor and an appreciation for the absurd can be helpful at present.

*Jan 8, 2010 2 PM(Jan 8, 2010 to Jan 9, 2010) Ven Qucnx Asc*

Humor and lightheartedness ease tension or some awkward moments. Things do not go as hoped for, but

laughter is the tone of the day.

*Jan 8, 2010 6 PM(Jan 8, 2010 to Jan 9, 2010) Merc Sqr Nep*

Talking to one another now is apt to be confusing, bewildering, or just plain strange. It is likely that one or the other of you will entirely forget crucial pieces of information -or the entire conversation! Concrete plans are apt to go awry, for reasons unclear or unknown. Obviously this is not the time to make serious decisions, or to buy something you will both have to live with for some time to come. This is a fine time, however, to dream and imagine together, or to immerse yourselves in some fantasy - the theater or a film perhaps.

*Jan 13, 2010 6 AM(Jan 12, 2010 to Jan 14, 2010) Ven Qucnx Ura*

Expect minor disruptions, a sudden change of heart about something you both wanted previously, an overture that comes at the wrong time. Though relatively trivial, these things can make for some unsettled moments between you.

*Jan 13, 2010 (Jan 8, 2010 to Jan 17, 2010) Jup Trine Ven*

This is an extremely pleasant period in your relationship. You feel very comfortable and easy with each other. Happy expectation, a sense of optimism and well-being, and warm feelings permeate the atmosphere between you. Since this is such a "soft" time for the two of you as a couple, you are apt to be generous towards other people as well. This is simply a time to enjoy all of the good in your life, and to be thankful.

*Jan 13, 2010 (Jan 2, 2010 to Jan 24, 2010) sat qucnx mc*

A minor setback or "red light" may impede the two of you at the moment. You may feel that you have to jump through too many hoops in order to be together, or to get anything accomplished together. Try not to blame one another for the frustration.

*Jan 13, 2010 3 PM(Jan 12, 2010 to Jan 14, 2010) Sun Qucnx Ura*

Right now expect minor upsets, an unavoidable change for "something different" which only one of you is interested in. All of this may be rather subtle, but tension-producing nonetheless. Laughter is good medicine in times like these.

*Jan 14, 2010 5 AM(Jan 14, 2010 to Jan 15, 2010) Ven Sqr Moon*

The mood between you is soft, loving, understanding, supportive. The need for love is strong in one or both of you, perhaps more than you are comfortable with. A little reassurance goes a long way.

*Jan 14, 2010 8 PM(Jan 14, 2010 to Jan 15, 2010) Sun Sqr Moon*

There is a definite tendency for one of you to unwittingly override the other's feelings, wishes, or unspoken needs, which can cause some tension between you. You may be somewhat at odds or out of touch with one

another. However, if both of you will take responsibility for voicing your wishes, even if they seem rather childish or needy, your time together can be intimate and satisfying.

*Jan 15, 2010 (Jan 10, 2010 to Jan 19, 2010) Jup Qucnx Sun*

Beware of expecting something for nothing from other people or each other. Now is also not the time to go out on a limb in joint financial endeavors, buying sprees, or in any other ways. Curb tendencies toward excessiveness, as you are prone to "encourage" each other to gain weight or use up savings.

*Jan 15, 2010 (Jan 10, 2010 to Jan 19, 2010) Jup Qucnx Merc*

Some problems with long-distance communication, not receiving messages, getting signals crossed, or being overwhelmed by too much mental stimulation and input can create static in your relationship. Slow down a bit and attend to details.

*Jan 16, 2010 merc trine mc*

This is a good time to gather information about joint projects and plans, and to make contacts. Any business dealings or legal matters that involve both of you go well now, also.

*Jan 17, 2010 2 PM(Jan 16, 2010 to Jan 18, 2010) Ven Sqr Ven*

Disagreements about personal tastes and styles, some lack of consideration or thoughtfulness, or one of you wanting more attention and affection will lead to... kissing and making up! Or, it will lead to an awareness that you need to be doing things differently to please one another as well as yourselves.

*Jan 17, 2010 10 PM(Jan 17, 2010 to Jan 18, 2010) Ven Trine Sun*

Love is flowing and romance flourishes. Whatever you do together now will be beautiful, and beautifully received. If you have been neglecting each other or have some hurt feelings between you, this can be a day to bring love back into your relationship.

*Jan 17, 2010 11 PM(Jan 17, 2010 to Jan 18, 2010) Ven Trine Merc*

This is the time to send one of those lusciously romantic or sentimental cards. Even better, write a love letter or song for your partner. At this time your relationship is enhanced through WORDS artfully or heartfully expressed. Speak or write about your appreciation, admiration, passion, or affection for one another.

*Jan 19, 2010 12 AM(Jan 18, 2010 to Jan 19, 2010) Sun Sqr Ven*

Although you may really want to be together or relax and enjoy yourselves right now, some sort of obstacle temporarily hinders this. Also beware of excesses and indulging yourselves in too much of a good thing.

*Jan 19, 2010 9 AM(Jan 18, 2010 to Jan 20, 2010) Sun Trine Sun*

This is a period of balance, equilibrium, and flow between you, and thus a favorable time for any joint endeavor or to just enjoy being together. Paying attention to what is good about one another and the relationship, perhaps giving a gift or some other form of love and recognition to your partner, will build a fund of goodwill and good feelings to draw upon during times of trouble. You are "lucky" together right now.

*Jan 19, 2010 11 AM(Jan 18, 2010 to Jan 20, 2010) Sun Trine Merc*

You flow together rather easily now, especially on a mental or intellectual level. This is a good time for you to talk, air things out, further your understanding of one another's ideas and beliefs. Going for a drive, to a movie, or on some other short outing is favored also.

*Jan 20, 2010 1 PM(Jan 17, 2010 to Jan 23, 2010) Mars Conj Plu*

Any suppressed feelings of resentment or anger which you harbor toward one another will surface in some way at this time. If the two of you have an imbalance of power in your relationship (for instance one of you is always calling the shots or is in control of important decisions while the other acquiesces or allows it), an intense ego conflict could erupt. Even if the two of you are well-balanced and usually harmonious, a spirit of strong willed determination or possibly competition is apt to arise. Beware of any kind of coercion or of being too demanding and hard on one another.

*Jan 22, 2010 7 PM(Jan 22, 2010 to Jan 23, 2010) Ven Sqr MC*

You will definitely want to be together now, and you will miss each other if apart. You will be focusing on your relationship too and considering ways to improve it or make things go better. Gifts of affection - like flowers sent to the office or something else you know would delight the other - are happily received now.

*Jan 23, 2010 9 AM(Jan 22, 2010 to Jan 24, 2010) Merc Sqr Nep*

This astrological influence (Merc Sqr Nep) also occurred on Jan 8, 2010 (peak date). Please refer to this date.

*Jan 24, 2010 7 AM(Jan 21, 2010 to Jan 26, 2010) Mars Sqr Jup*

The two of you may be over-estimating yourselves, over reacting, or tempted to take on a bigger challenge than you are actually prepared for. You tend to be "full of yourselves". Beware of becoming sloppy or thinking the law somehow does not apply to you.

*Jan 24, 2010 6 PM(Jan 22, 2010 to Jan 27, 2010) Mars Conj Sat*

This is a time to work out a problem or to face difficult tasks together. You will have an opportunity to experience how the other handles trouble, inconvenience, or frustration. Beware of the tendency to blame or see the other as intentionally annoying you.

*Jan 24, 2010 7 PM(Jan 24, 2010 to Jan 25, 2010) Merc Trine Mars*

This astrological influence (Merc Trine Mars) also occurred on Jan 7, 2010 (peak date). Please refer to this date.

*Jan 25, 2010 10 AM(Jan 24, 2010 to Jan 26, 2010) Sun Sqr MC*

The two of you are apt to be wrapped up in one another, and somewhat oblivious to the rest of the world right now. This is a good time to air out any problems you have been having, and to "set the record straight".

*Jan 25, 2010 4 PM(Jan 24, 2010 to Jan 26, 2010) Ven Trine Nep*

This is a time of romantic imaginings and of escaping from the ordinary and prosaic. You may want to visit a beautiful church or an art gallery or some inspiring place in nature together. Make sweet harmonies together, gaze at the stars, open your hearts.

*Jan 26, 2010 8 AM(Jan 26, 2010 to Jan 27, 2010) Merc Qucnx Sat*

You tend to miss one another's messages right now, both literally and figuratively. Beware of blaming one another for simple human error.

*Jan 26, 2010 12 PM(Jan 26, 2010 to Jan 27, 2010) Merc Sxtil Jup*

Talk turns to philosophical speculations, dreams for the future, and mutual aspirations. You help one another to see the big picture right now so petty immediate problems do not seem so important. This is a good time to see a comedy and to share humor.

*Jan 26, 2010 2 PM(Jan 26, 2010 to Jan 27, 2010) Ven Qucnx Mars*

Some subtle awkwardness or tension creeps into your relationship. Something just is not clicking between you right now, romantically or sexually. One of you may be missing the other's cues or inadvertently putting the other off.

*Jan 27, 2010 6 PM(Jan 26, 2010 to Jan 28, 2010) Ven Oppos Sat*

The two of you may cool toward one another, withdraw, or be temporarily separated right now. Even if you are with each other, affection and intimacy may be lacking. Avoid criticizing or judging one another too harshly right now. Even if there are real problems or difficulties between you, you are probably seeing the worst in one another and focusing on what you don't like.

*Jan 27, 2010 9 PM(Jan 27, 2010 to Jan 28, 2010) Ven Sqr Jup*

You put each other in the mood for a good time. Together the two of you are inclined to foolishly overdo or splurge on something you can't really afford. A mutual friend in need may be the beneficiary of your generosity

but beware of lending, giving, or promising more than you should. You may want to give extravagantly to one another too.

*Jan 27, 2010 10 PM(Jan 26, 2010 to Jan 28, 2010) Merc Qucnx Plu*

What begins as an innocent discussion, may bring some painful topic to the surface. Avoid the tendency to try to subtly coerce one another into believing, seeing, or understanding things as the other does. While no overt argument may occur, below-the-surface tension can create an uneasy feeling.

*Jan 28, 2010 10 PM(Jan 28, 2010 to Jan 29, 2010) Sun Trine Nep*

You are very open and physically sensitive to one another at the moment, and can experience unusual extrasensory perception, or telepathy with one another. You are in a dreamy, imaginative space together. Perhaps you can take a long walk on the beach and tell one another your dreams.

*Jan 29, 2010 1 AM(Jan 28, 2010 to Jan 30, 2010) Ven Oppos Plu*

Dynamics in your relationship that have been operating beneath the surface begin to emerge. Hidden desires and unspoken sexual longings, past hurts or unmet needs, or any destructive ways of being with each other may be revealed. Feelings are intensified and brought to the surface.

*Jan 30, 2010 3 AM(Jan 30, 2010 to Jan 31, 2010) Sun Qucnx Mars*

You tend to subtly irritate one another right now, resisting one another's suggestions and insisting on doing things your way. As long as neither of you attempts to dominate, this should not be too much of a problem, but any activity that requires close cooperation is not favored now.

*Jan 31, 2010 8 AM(Jan 28, 2010 to Feb 2, 2010) Mars Sxtil Nep*

There is a touch of the fantastic, magical or mystical in the atmosphere between you now. This is a good time to visit Disney World or watch your favorite fantasy movie together. Creative and artistic energies are activated also; you may want to paint, sculpt, write or create music together.

*Jan 31, 2010 1 PM(Jan 30, 2010 to Feb 1, 2010) Sun Oppos Sat*

Questions about the seriousness of your commitment to one another, or personal insecurities, creates a rather heavy tone. One or the other of you may put the brakes on or have some serious doubts. A joint project may encounter a delay, set back, or rejection also.

*Jan 31, 2010 5 PM(Jan 30, 2010 to Feb 1, 2010) Sun Sqr Jup*

You dream big dreams together right now, which may make you inspired for the future - or restless and discontented with your current circumstances. This is an excellent time to vacation together, especially in some far-off place. However, beware of any tendencies toward extravagance or gambling which the two of you will

have to pay for later.

*Jan 31, 2010 6 PM(Jan 30, 2010 to Feb 1, 2010) Merc Qucnx Asc*

There is a tendency to say too much, run on about nothing, or say the wrong thing. While not a catastrophe, be gracious and apologize for your faux pas. You tend to get on one another's nerves a bit.

*Feb 1, 2010 11 AM(Feb 1, 2010 to Feb 2, 2010) Ven Oppos Asc*

There is great harmony, pleasure and sweetness between you at this time and if you wanted to plan an important even - a special date, a vacation for just the two of you, or even a wedding - now would be ideal. This is a very favorable time for you as a couple. You will really want to be together, you feel like you belong together right now.

*Feb 2, 2010 3 AM(Feb 1, 2010 to Feb 3, 2010) Sun Oppos Plu*

There is a definite element of unavoidable fate or of having to finally deal with something the two of you may have ignored up until now. On a practical level, material objects or machinery may break down, need repair, or have to be thrown out. Psychologically, "stuff" that has not been dealt with between you emerges in some manner. There may be an intense encounter between the two of you, or between the both of you and someone or something in your environment.

*Feb 5, 2010 10 AM(Feb 5, 2010 to Feb 6, 2010) Merc Qucnx Ura*

If you spend time together now, expect some moments of tension or nerve-wracking little "surprises". Flexibility, tolerance, and a sense of humor is the best medicine right now.

*Feb 6, 2010 3 AM(Feb 5, 2010 to Feb 7, 2010) Ven Trine Ura*

Spontaneous playfulness, singing, dancing, or lovemaking adds zest to your time together. Music and movement open you up. Your rhythms are in harmony.

*Feb 6, 2010 8 AM(Feb 5, 2010 to Feb 7, 2010) Merc Sqr Moon*

Words are backed up with a lot of emotion and feeling. This can be a good time to ventilate and air out some unspoken wishes, needs, or feelings. Recognize that you are talking about feelings and emotional realities, not necessarily facts. You could have a dispute over differing memories or interpretations of the same event.

*Feb 6, 2010 9 AM(Feb 5, 2010 to Feb 7, 2010) Sun Oppos Asc*

This is a highly significant period for the two of you as a couple. Momentous occasions (such as a first meeting, a first date, getting married, or breaking up) are apt to occur now. Which of these events will occur depends upon many other factors but one thing is certain: your focus now will be on each other. Take advantage of it. If your relationship is going well, celebrate!

*Feb 7, 2010 3 AM(Feb 7, 2010 to Feb 8, 2010) Ven Sxtil Moon*

It is family time, and being with young ones is favored. You may want to "adopt" others' youngsters for the day if you do not have any of your own. Or you may want to spend some time with a beloved pet. Visits with relatives go very smoothly also.

*Feb 9, 2010 11 AM(Feb 9, 2010 to Feb 10, 2010) Merc Sqr Ven*

This is a favorable time to discuss matters of the heart -what you both want, need, wish for, long for, delighting. You are flirtatious and playful, also.

*Feb 9, 2010 6 PM(Feb 9, 2010 to Feb 10, 2010) Merc Trine Sun*

Communication flows freely. You both feel open about expressing your ideas and are willing to hear the other's as well. If you are not physically together, you will want to be calling or visiting one another even more than usual.

*Feb 9, 2010 6 PM(Feb 6, 2010 to Feb 12, 2010) Mars Sqr MC*

There is a spirit of contention and disagreement between the two of you at this time. Perhaps you do not disagree so much on where you want to go, as on who will be in the driver's seat, so to speak. Minor accidents can occur at this time, especially if you allow tension to escalate. You will need to work harder than usual to appreciate the other's right to be as they are, and to hold a different opinion from your own.

*Feb 9, 2010 7 PM(Feb 9, 2010 to Feb 10, 2010) Merc Trine Merc*

New ideas and stimulating conversation flows. This is also a wonderful time to take a trip together, or at least to plan one.

*Feb 10, 2010 12 PM(Feb 9, 2010 to Feb 11, 2010) Ven Trine Ven*

You are pleasantly at ease and flowing harmoniously together at the moment. You could attract something wonderful into your shared lives at this time - it is your "lucky day". The spirit of Eros, of love, is blessing you in some way.

*Feb 10, 2010 8 PM(Feb 10, 2010 to Feb 11, 2010) Ven Qucnx Sun*

One of you is more in the mood for romance and affection than the other, or you are both feeling loving but schedules or other commitments interfere. Some kind of embarrassing situation, indiscretion, or inappropriate behavior can mar this time, so be as thoughtful and considerate of one another as possible.

*Feb 10, 2010 (Feb 6, 2010 to Feb 14, 2010) Jup Sxtil MC*

You will enjoy spending time together because you subtly lift each other up and build one another's confidence. If you are involved in any type of project together, it will go swimmingly now. You have the green light!

*Feb 10, 2010 9 PM(Feb 10, 2010 to Feb 11, 2010) Ven Qucnx Merc*

A minor social embarrassment or some awkwardness between the two of you occurs now. Someone inadvertently strikes a discordant note. As long as you can laugh at yourselves, you will be fine.

*Feb 12, 2010 4 AM(Feb 11, 2010 to Feb 13, 2010) Sun Trine Ura*

Excitement is in the air between you. Together you enjoy experimenting, inventing something new, varying your routine. *Feb 13, 2010 9 AM(Feb 13, 2010 to Feb 14, 2010) Sun Sxtil Moon*

This is a good time for the two of you to join friends or relatives in their homes, or to invite others to yours. You are in sync with one another and cooperate easily without a lot needing to be said. If children are a part of your life, they will bring something valuable into the scene.

*Feb 14, 2010 12 AM(Feb 13, 2010 to Feb 15, 2010) Merc Sqr MC*

Right now both of you tend to say more than is necessary. If you have plans for the day, make sure you do not fritter away the time discussing your various options or negotiating over trivialities. Nit picking over details can create tense moments.

*Feb 15, 2010 5 PM(Feb 15, 2010 to Feb 16, 2010) Ven Sxtil MC*

You are fortunate together at the moment, and no matter what you do it is likely to work out very well. A spirit of friendliness, agreeableness, and harmony with others infuses your relationship and you make a good impression as a couple.

*Feb 16, 2010 10 AM(Feb 15, 2010 to Feb 17, 2010) Merc Trine Nep*

A shared flight of imagination brings pleasure: you could write a song together, discuss your latest psychic experiences, visit a tarot card reader, plan an exotic vacation, talk about your dreams. Spiritual topics or otherworldly tales fascinate you now. You may want to see a film that interests the idealistic, believing, hopeful sides of you.

*Feb 17, 2010 5 AM(Feb 17, 2010 to Feb 18, 2010) Merc Qucnx Mars*

You tend to snap at one another or to blurt something very tactless and inadvertently hurtful. Minor accidents

could occur, too, if extra care is not taken.

*Feb 17, 2010 1 PM(Feb 17, 2010 to Feb 18, 2010) Sun Trine Ven*

Affection, harmony, and warm feelings flow between you now, and you give one another much pleasure. If you can not be together at this time, you will really miss each other. Sharing social, artistic, or cultural activities will be satisfying. You may create something even "lucky" together.

*Feb 17, 2010 11 PM(Feb 17, 2010 to Feb 18, 2010) Sun Qucnx Sun*

A subtle sense of tension, interference, or a feeling of being at odds with one another without anything in particular to pin that feeling on pervades your relationship now. Circumstances may also seem to conspire to prevent you from being together or doing what you wish to be doing with one another. Pay attention to any problems that arise between you now. You probably will not be able to directly work on them or resolve them at this point, regardless of your good intentions, but if you submerge or ignore them they will resurface in full force in about three months.

*Feb 18, 2010 1 AM(Feb 17, 2010 to Feb 19, 2010) Sun Qucnx Merc*

You get your wires crossed right now. You may not receive one another's messages, or may be unavailable when the other wants to connect. Expect minor irritations, which will quickly pass.

*Feb 18, 2010 3 AM(Feb 17, 2010 to Feb 19, 2010) Merc Oppos Sat*

You are seeing something of the shadow side of one another and your relationship now. Perhaps you will observe how the other person handles frustration or a tough situation. Communication between you is inhibited also, and one or the other may be unwilling to talk openly or may even temporarily cut off communication altogether.

*Feb 18, 2010 6 AM(Feb 17, 2010 to Feb 19, 2010) Merc Sqr Jup*

You are apt to have philosophical disagreements and/or to tell tall tales to one another... not lies, just exaggerations!

*Feb 18, 2010 2 PM(Feb 17, 2010 to Feb 19, 2010) Ven Qucnx Nep*

A vague feeling of dissatisfaction or confusion arises now. One of you feels you are sacrificing too much, or you just don't know where the other person is coming from. Check out your concerns and perceptions with one another because something you may be imagining about your partner is likely to be not quite true.

*Feb 19, 2010 4 AM(Feb 19, 2010 to Feb 20, 2010) Merc Oppos Plu*

Your communication with one another is intense and penetrates right to the heart of matters. One of you may confront the other with something which was previously swept under the rug, or you may unintentionally bring up

a topic that reopens an old wound for the other person.

Passionate opinions and convictions are expressed; beware of running over each other's right to hold a different point of view. If you go overboard in defending some position, try to make amends quickly.

*Feb 19, 2010 1 PM(Feb 19, 2010 to Feb 20, 2010) Ven Oppos Mars*

Cupid's arrows are flying! Warm amorous feelings are aroused between you and the physical attraction intensifies. The desire to please one another in love, to give as well as receive pleasure, makes lovemaking joyful. If your relationship is not a passionate one, you will still feel frisky and pleasantly stimulated by one another.

*Feb 20, 2010 4 PM(Feb 19, 2010 to Feb 21, 2010) Ven Qucnx Sat*

You have difficulty connecting to one another right now, and either or both of you may want to separate or temporarily withdraw from the relationship. Fortunately this is apt to be short-lived if your relationship is essentially good. Use this time to clue yourselves in to what could be improved in your ways of relating to one another.

*Feb 20, 2010 8 PM(Feb 20, 2010 to Feb 21, 2010) Ven Trine Jup*

Let the good times roll! The two of you put one another -and those around you as well -into an upbeat, exuberant, expansive frame of mind. All you really want to do when you are together now is to play or relax. Festive events and social gatherings are favored; work or serious matters are put on the back burner.

*Feb 21, 2010 10 PM(Feb 21, 2010 to Feb 22, 2010) Merc Oppos Asc*

This is a favorable time to seek out a counselor or advisor, whether for personal, financial, or other reasons. The two of you are apt to get fair, objective advice. On another note, this is a good time to take a short trip. You may have to travel to see one another.

*Feb 21, 2010 11 PM(Feb 21, 2010 to Feb 22, 2010) Ven Qucnx Plu*

Issues of power and control arise between you. Any unspoken "bargains" you have made with each other which disempowers one or both of you in order to please the other, may be up for change. Unreasonable fears of loss, or jealousy could also emerge.

*Feb 24, 2010 2 AM(Feb 23, 2010 to Feb 25, 2010) Sun Sxtil MC*

Each of you is an asset to the other right now. This is a time for focusing in getting what you want as a couple - setting goals, seeing people who may be in a position to help you, etc.

*Feb 25, 2010 10 AM(Feb 25, 2010 to Feb 26, 2010) Ven Qucnx Asc*

Humor and lightheartedness ease tension or some awkward moments. Things do not go as hoped for, but

laughter is the tone of the day.

*Feb 25, 2010 12 PM(Feb 25, 2010 to Feb 26, 2010) Merc Trine Ura*

The tone is brisk, and intellectually stimulating. Lots of fresh, original ideas are flowing between you now, and you may want to write down some of these inspirations for later evaluation.

*Feb 25, 2010 (Feb 21, 2010 to Mar 1, 2010) Jup Qucnx Nep*

A lack of clear and definite boundaries, a poor sense of proportion, and/or a tendency to rely on your luck, or on Providence can bring trouble now. Watch tendencies to override budgets, to buy on credit, or to promise more than you can comfortably afford.

*Feb 26, 2010 6 AM(Feb 25, 2010 to Feb 27, 2010) Merc Sxtil Moon*

This is a good time to introduce one another to old friends or to your family, to plan a trip home, or to share personal memories and stories with one another. You understand and sympathize with one another and can gain a new clarity about each other's emotional make up.

Confusions, mix-ups, not showing up on time or at all, forgetting something significant, or just feeling a little fuzzy or spacey in each other's presence is likely now. Do your best not to let each other down or be unreliable toward one another right now.

*Feb 28, 2010 6 PM(Feb 28, 2010 to Mar 1, 2010) Merc Trine Ven*

You bring out a lighthearted and pleasant mood in one another. A spontaneous small gift as loving note - something small and sweet - would be perfect. Loving words come easily -and mean a lot - right now.

*Feb 28, 2010 7 PM(Feb 27, 2010 to Mar 1, 2010) Sun Oppos Mars*

You are hot and feisty together. Vigorous, competitive play or other physical activities can be a positive way to release these energies, but conflict and confrontations are just as likely. If tempers begin to flare, back up and give one another some space. Most likely you are fighting over nothing more than an ego position.

*Mar 1, 2010 12 AM(Mar 1, 2010 to Mar 2, 2010) Merc Qucnx Sun*

Having to deal with last-minute details or mechanical problems, or red tape may interfere with your plans. Also communication between you is a little tense and one of you may say something that strikes a discordant note. Step back, breathe deeply, and keep a sense of humor.

*Mar 1, 2010 1 AM(Mar 1, 2010 to Mar 2, 2010) Merc Qucnx Merc*

Communication is a little awkward or tense, even if you usually understand one another perfectly. Be forgiving of one another's social faux pas now.

*Mar 2, 2010 3 AM(Mar 1, 2010 to Mar 3, 2010) Ven Sqr Ura*

A restless mood and a yearning for something different comes over the two of you. Perhaps you will want to do something you have not done in a long time, like going roller-skating, or dancing, or to see an erotic film. If you are both open and willing to experiment, you have some exiting, even thrilling, moments.

*Mar 2, 2010 6 AM(Mar 1, 2010 to Mar 3, 2010) Sun Qucnx Sat*

Frustration, doubts, or feeling rather disconnected from one another colors this time period. Small problems may seem more serious than they are, and issues that do not have immediate, clear solutions may arise. Forbearance, patience, and a gentle approach are called for.

*Mar 2, 2010 10 AM(Mar 1, 2010 to Mar 3, 2010) Sun Trine Jup*

This is a very positive time between the two of you. Shared optimism, enthusiasm, and an overall sense of well-being permeate your relationship. You are apt to be extraordinarily lucky together right now.

Adventures, important and beneficial encounters, and serendipitous events are very likely. It is also a good time to expand and invest in your relationship - for example, make a major purchase together.

*Mar 2, 2010 (Feb 26, 2010 to Mar 6, 2010) Jup Oppos Mars*

Exuberance, high hopes, and abundant positive energy infuses your relationship now. Being with one another tends to make you feel good about yourselves, and more confident about what you can do and achieve. You will want to do everything on a grander scale, and start living your dreams (if you are not already).

This is also a fine time to engage in any physical or outdoor activity, although you tend to become a bit overconfident or overzealous. You might be tempted, for instance, to go for the most challenging white water rafting excursion, even if you have not such experience. This kind of foolishness can get the two of you in some trouble, but overall whatever you do should work out very well at present.
